Speaking with the Devil Carl Goldberg,1996 Goldberg s thorough examination of the genesis of evil raises questions confronted in Arendt s Eichmann in Jerusalem Fromm s The Heart of Man and Becker s Escape from Evil In this text he elaborates on arguments in those classics and draws on revealing case studies from his 25 years of clinical practice

Speaking with the Devil Carl Goldberg,1995 **Stone Cold Souls** Gregory K. Moffatt,2008-07-30 History s most notorious and brutal killers still enjoy fame as public fascination with their lives and their crimes continues to grow *Stone Cold Souls* is a detailed examination of the most brutal killers in history Moffatt does what he does best by looking at historical accounts of events analyzing them from a psychological perspective and presenting his assessment in captivating fashion He examines different types of killers offers case studies and historical context and describes what sets these cases apart from other kinds of killings Even in a day and age where pop culture has made serial crime a mainstay of movies and books the depravity of the killers profiled in this work will still shock even a desensitized reader Men women and children alike have committed crimes so atrocious that it is hard to imagine that these events are not works of fiction Moffatt examines the difficult questions that inevitably arise when one reads cases of unthinkable torture and cruelty Why Were these people simply evil or is it possible that given other circumstances they could have redirected their energies into more productive outlets The author answers these questions and others and reveals the lives and crimes of these ruthless killers *Stone Cold Souls* features such well known cases as Andrei Chikatilo Marc Dutroux Herman Webster Mudgett Charles Ng Leonard Lake Lawrence Bittaker Roy Norris Ed Gein Edmund Kemper Henry Lee Lucas Gilles de Rais Ivan the Terrible Richard Ramirez Holly Ann Harvey Sandy Ketchum Mary Bell Jesse Pomeroy Josef Mengele Marshall Applewhite Jeffrey Lundgren David Koresh Jim Jones Father Oliver O Grady Charles Cullin Harold Shipman Michael Swango Myra Hindley Karla Homolka Aileen Carol Lee Wuornos Elizabeth Bathory Charles Sobhraj Albert Fish Donald Harvey and Dennis Rader *The SAGE Encyclopedia of Lifespan Human Development* Dr Marc Bornstein,Marc H. transformational leaders JFK RFK MLK and Malcolm X and reveals how cultural chaos covert manipulation and symbolic ritualistic violence by the likes of the Manson family and the mysterious Nine are used to reshape public consciousness Levenda shows how themes of initiation sacrifice transformation and concealment recur like ritual throughout American history He goes beyond official narratives and common conspiracies to confront the possibility that beneath the surface of history there lies a kind of symbolic logic where trauma is ritualized power is mythologized and repetition becomes a form of control Sinister Forces challenges readers to become more conscious to think critically investigate deeply and reclaim our understanding of history from the shadows

Wounded Monster Theo L. Dorpat, 2002-11-06 Few authors who have written about Hitler have understood the deeply damaging effects of psychic trauma on his private life and the way he functioned in the public sphere Nearly all major biographers have neglected the importance of Hitler s childhood trauma and his later combat trauma during World War I In Wounded Monster Theo Dorpat demonstrates how extreme emotional and physical abuse from his father and his unusually long combat service during the Great War became the most formative influences of his life resulting in severe psychiatric disorders This psychiatric biography of Hitler discusses the central importance of his vulnerability to shame emotions as well as the trauma induced construction of an extensive repertoire of mainly unconscious mechanisms for the avoidance of feelings of shame Dorpat provides deep insights into Hitler s shame vulnerability as a prime cause of his suicidal behavior including his suicide threats two failed suicide attempts and his final completed suicide This work will assist those attempting to explain Hitler and his actions through an examination of the influences that shaped his psyche

Seeking the Compassionate Life Carl Goldberg, Virginia Crespo, 2004-06-30 Morality is a subject most ignored and little understood by modern psychological investigation Why a person acts honorably or heinously is one of the most puzzling and least answered questions regarding human behavior Here the authors posit that despite the fact that hatred and arrogance continually battle compassion and decency as humanity s driving force people continue to develop altruism empathy and concern for others Goldberg and Crespo demonstrate seven factors crucial to achieving a compassionate life

Goldberg and Crespo take us inside their treatment rooms through history across cultures and into their own personal worlds at large to meet clients and acquaintances including a would be rapist a virtuous stalker an adulterous minister and a young boy with little more than a matchbook and some pride to call his own Together the stories of these clients and historical figures including Nazis at Nuremberg reflect a vital theme Virtuous behavior should not be a mystery Morality is a subject most ignored and little understood by modern psychological investigation Why a person acts honorably or heinously is one of the most puzzling and least answered questions regarding human behavior The authors demonstrate that although within every human breast hatred and arrogance battle compassion and decency as a driving force people do indeed develop altruism empathy and concern for others Goldberg and Crespo outline seven crucial factors in the achievement of a compassionate life This book addresses two audiences First it questions modern psychological scientists who have ignored the importance of compassion virtue and morality focusing instead on contrived experimental situations rather than pursuing investigations in as part of the actual world in which we live Yet it is also written for all people concerned with the moral crisis in contemporary society and all people seeking personal and social solutions to deal with this crisis **Parabola**
