Delinquent: British and European Youth, 1650-1950 Pamela Cox,Heather Shore,2017-11-30 This title was first published in 2002 **Becoming Delinquent British and European Youth 1650 1950** provides a critical synthesis of the growing body of work on the history of British and European juvenile delinquency It is unique in that it analyzes definitions of and responses to disorderly youth across time from the mid seventeenth to the mid twentieth centuries and across space covering developments across Western Europe This comparative approach allows it to show how certain themes dominated European discourses of delinquency across this period not least panics about urban culture poor parenting dangerous pleasures family breakdown national fitness and future social stability It also shows how these various threats were countered by recurring strategies most notably by repeated attempts to deter delinquency to divide responsibility between the state civil society and the family and to find a proper balance between moral reform and physical punishment between care and control *Press, Politics and the Public Sphere in Europe and North America, 1760-1820* Hannah Barker,Simon Burrows,2002-06-27 This book is a study of the relationship between newspapers and public opinion **Annual Bibliography of the History of the Printed Book and Libraries** Department of Information & Collections,2005-12-21 The Annual Bibliography of the History of the Printed Book and Libraries aims at recording articles of scholarly value which relate to the history of the printed book to the history of arts crafts techniques and equipment and of the economic social and cultural environment involved in its production distribution conservation and description **Republicans** Wyger Velema,2007-01-01 The notion of being freeborn republicans bound the eighteenth century Dutch together Yet beneath this general label many fundamental differences existed This book explores the varieties of eighteenth century Dutch republicanism It thereby significantly contributes to our understanding of a crucial period in the development of Dutch political thought *De Nederlandsche spectator , The Self-Perception of Early Modern Capitalists* M. Jacob,Catherine Secretan,2008-08-15 Labeled as greedy and self interested capitalists have often suffered in historians eyes This book looks at merchants entrepreneurs and other individuals from around 1500 to 1800 with some attention to their medieval roots and asks how they actually saw themselves

Coming from deeply religious cultures how did they relate their worldly activities to their beliefs and values Did they see a conflict as Weber might have imagined or did they live at relative ease with the tensions between obedience to faith and the necessities of competition and striving Drawing on personal letters and diaries as well as handbooks portraiture and other pieces of material culture in general the contributors to this volume each help to reconstruct an understanding of the people who put in place what became the dominant economic system in the Western world
