Spectrum Microdrive Hand:

The Computers That Made Britain Tim Danton,2021-05-28 The home computer boom of the 1980s brought with it now iconic machines such as the ZX Spectrum BBC Micro and Commodore 64 Those machines would inspire a generation and foster the creation of a booming British software industry that continues to this day With the help of hefty government discounts computers worked their way into primary and secondary schools around the country Millions more computers appeared in living rooms and bedrooms around the country For once Britain was ahead of the world helping to create a golden generation of British programmers The Computers That Made Britain tells the story of 19 of those computers and what happened behind the scenes This book is as much a story about each computer s creation as it is about the people that created them Through dozens of interviews with the people who were there discover the tales of missed deadlines technical faults business interference and the unheralded geniuses who brought to the UK everything from the Dragon 32 and ZX81 to the Amstrad CPC 464 and Commodore Amiga This book closes with the story of the Acorn Archimedes which introduced the revolutionary ARM processor that powers smart watches laptops routers mobile phones and the Raspberry Pi to this day

Early Home Computers , New Scientist ,1984 Becoming Dr Jones Dr Rhys Jones,2023-08-03 Rhys Jones was brought up on a council estate in South Wales where expectations for what life held in store for you were slim and the factor beckoned As he recalls he was born fighting and never stopped His perspective on what life could offer him changed forever in the early 1980s when his grandfather took him to the local cinema to see Stephen Spielberg s blockbuster Raiders of the Lost Ark The dream of emulating his hero Indiana Jones and travelling to the farthest reaches of the planet to explore exotic locations and its wildlife now burned deep inside him As he progressed at school this passion to escape and explore was further kindled through the pages of an old natural history encyclopaedia given to him by his grandmother Devouring the pages the encyclopaedia would help craft his chosen path in life Like his hero and namesake Indiana Jones Rhys s journey has now taken him to all corners of the globe with friends and colleagues at every port from the Australian outback to the furthest outpost of the Maasai tribe in Eastern Africa In Becoming Dr Jones Rhys will take the reader on an inspiring journey through his life One filled with highs lows humour and poignancy as well as reverent insights into some of the amazing residents of our beloved natural world If adventure had a name it would be Jones and Dr Rhys Jones has taken that mantle to a whole new level Electronics ,1984 June issues 1941 44 and Nov issue 1945 include a buyers guide section
