

## STEPS TO TEACH & ASSESS A SPELLING PRINCIPLE

### WHAT TO DO

### WHAT IT LOOKS LIKE

1. Start with a spelling principle that the majority of your students need.

*Mrs. Smith's class is ready to learn about doubling the final consonant when adding a vowel suffix (-ing) to words ending in one vowel followed by one consonant. (This includes most short vowel words.)*

2. Build a chart of words together that demonstrates this spelling principle.

*set/setting, hop/hopping, cut/cutting, stop/stopping, shut/shutting, run/running.*

3. Reveal how knowledge of this spelling principle will help them decode words during reading and/or understand the meaning of the words.

*Look for known word parts when reading multisyllabic words.*

4. Provide hands-on engaging ways to interact with words and word parts (and word meanings for grades 3-6).

*Look for examples of words with this principle in other texts and add to list in a word-study notebook. Sketch a visual representation of the word and write a corresponding description for the base word or its -ing form.*

5. Assess students' knowledge of the spelling principle with a post-test.

*Within the spelling test, assess a sample of the words listed above and include new words that weren't practiced, but follow the same principle: drip/dripping, quit/quit-ting, chop/chopping. These are called transfer words.*

NOTE: Spelling transfer words correctly indicates whether the students have mastered the skill and not just mastered a single list of words.
