Anthem Ayn Rand,2021-03-15 Anthem has long been hailed as one of Ayn Rand s classic novels and a clear predecessor to her later masterpieces The Fountainhead and Atlas Shrugged In Anthem Rand examines a frightening future in which individuals have no name no independence and no values Equality 7 2521 lives in the dark ages of the future where all decisions are made by committee all people live in collectives and all traces of individualism have been wiped out Despite such a restrictive environment the spark of individual thought and freedom still burns in him a passion which he has been taught to call sinful In a purely egalitarian world Equality 7 2521 dares to stand apart from the herd to think and choose for himself to discover electricity and to love the woman of his choice Now he has been marked for death for committing the ultimate sin In a world where the great we reign supreme he has rediscovered the lost and holy word I This Ultimate Book Club edition also includes an overview of the story discussion questions and fun facts for the perfect book club gathering This modern minimalist design will look sleek on a coffee table or bookshelf and a great way to get your classic novel collection started
