 Edward Soper,Barrie A. Sosinsky,2006 As the price of servers comes down to the level of desktop PCs many small and

medium sized businesses are forced to provide their own server setup maintenance and support without the high dollar training enjoyed by their big corporation counterparts This book is the first line of defense for small and medium sized businesses and an excellent go to reference for experienced administrators who have pined for such a reference It s all here in one incredibly useful tome that readers will refer to again and again Weighing in at more than 1 400 pages this book blows away the competition s attempts to cover server hardware **Voice & Data** ,2006 *Forbes* Bertie Charles Forbes,2006-11 This business magazine covers domestic and international business topics Special issues include Annual Report on American Industry Forbes 500 Stock Bargains and Special Report on Multinationals **Autonomic Computing** Richard Murch,2004 This book introduces Autonomic Computing This concept is a cornerstone of IBM s strategic initiative and it offers great promise because autonomic computing systems have the ability to manage themselves and dynamically adapt to change in accordance with evolving or dynamic business policies and objectives The term autonomic comes from the autonomic nervous system which controls many organs and muscles in the human body These systems can perform management activities based on situations they observe or sense in the IT environment Rather than IT professionals initiating management activities the system observes something about itself and acts accordingly This allows the IT professional to focus on high value tasks while the technology manages the more mundane operations This book explains how this can be made to happen and the changes that need to be made to make it happen *Scholastic Administr@tor* ,2004 *Business World* ,2007 *PC Magazine* ,2004 *Business India* ,2007-04 ACE the IT Resume : Resumes and Cover Letters to Get You Hired Paula Moreira,2007-06-22 Create a first rate resume that will get you hired in IT Stand out in a crowd of IT job applicants by creating and submitting a winning resume and cover letter with help from this practical guide Fully revised and updated for the latest trends technologies and in demand jobs Ace the IT Resume Second Edition reveals how to best showcase your IT skills and experience You ll get tips for adapting your resume for different formats using the right keywords and getting your resume in the hands of the hiring manager With an encyclopedia of sample resumes job descriptions and resume strategies this is your must have guide to landing a great IT job Present your skills experience and education in the most effective format Optimize your online resume Customize your resume based on the job you re seeking Write compelling and relevant cover letters Avoid common pitfalls and analyze your resume for errors Discover ways to quickly get hands on experience Network with IT professionals to make connections **Informationweek** ,2006
