M Walker

Wintering Out:

Passage to the Center Daniel Eugene Tobin, 1991 **The Poems of Seamus Heaney** Seamus Heaney, 2025-11-18

This definitive collection of Seamus Heaney's poetry published in a single volume for the first time gives us the full arc of the Nobel laureate's long and varied career. Seamus Heaney's voice is like no other by turns mythological and journalistic, rural and sophisticated, reminiscent and impatient, stern and yielding, curt and expansive. Helen Vendler, *The New Yorker*. Published in a single volume for the first time, the collected poems of Heaney is a testament to that unforgettable voice and to the breadth and beauty of the Nobel laureate's long and brilliant career from his first book *Death of a Naturalist* (1966) to poems written for *Human Chain* (2010), his twelfth and final book.

Seamus Heaney and Medieval Poetry Conor McCarthy, 2008
Seamus Heaney's engagement with medieval literature constitutes a significant body of work by a major poet, including a landmark translation of *Beowulf*. This title examines both Heaney's direct translations and his adaptation of medieval material in his original poems.

Shakespeare and Contemporary Irish Literature Nicholas Taylor-Collins, Stanley van der Ziel, 2018-09-18
This book shows that Shakespeare continues to influence contemporary Irish literature through postcolonial, dramaturgical, epistemological, and narratological means. International critics examine a range of contemporary writers including Eavan Boland, Marina Carr, Brian Friel, Seamus Heaney, John McGahern, Frank McGuinness, Derek Mahon, and Paul Muldoon, and explore Shakespeare's tragedies, histories, and comedies, as well as his sonnets. Together, the chapters demonstrate that Shakespeare continues to exert a pressure on Irish writing into the twenty-first century, sometimes because of and sometimes in spite of the fact that his writing is inextricably tied to the Elizabethan and Jacobean colonization of Ireland. Contemporary Irish writers appropriately adopt, adapt, and strategize through their engagements with Shakespeare, and indeed through his own engagement with the world around him four hundred years ago.

The Poetry of Bloody Sunday Kübra Özermiş, 2025-09-29
As a turning point that changed the course of the Troubles, the Bloody Sunday massacre continues to define ongoing debates about the legacy of the Troubles and the impact of state violence. Bloody Sunday has been at the centre of numerous cultural and literary expressions which deal with the grief and trauma of the massacre, such as murals, songs, plays, and poetry. This volume is the first comprehensive study of the poetry of Bloody Sunday, written by critically acclaimed Irish poets including Seamus Heaney, Paul Muldoon, Thomas Kinsella, Seamus Deane, and Medbh McGuckian. By focusing on poems written between 1972 and 2015, this book examines each poet's attempt to find an apt way of articulating the anger, trauma, and grief over the massacre, with most of the poets continuously returning to the shooting in their poetry throughout their careers. The monograph outlines how, in the face of adversity, the poets draw on old Irish literary traditions such as Gaelic laments and Aisling poetry, which offer an indigenous, anti-colonial, and counter-hegemonic response to a massacre that was experienced as a colonial aggression. It also discusses the complex relationship between poetry and politics, and the negotiation between aesthetic freedom and the moral obligation to write about Bloody Sunday. **A**

Companion to Twentieth-Century Poetry Neil Roberts, 2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century

Misreading England Raphaël Ingelbien, 2021-11-01 In *Misreading England Poetry and Nationhood* Since the Second World War Raphaël Ingelbien examines how issues of nationhood have affected the works and the reception of several English and Irish poets Philip Larkin Ted Hughes Geoffrey Hill and Seamus Heaney This study explores the interactions between post war English poets and the ways in which they transformed or misread earlier poetic visions of England Romantic Georgian Modernist It also traces often neglected but crucial links between their troubled poetics of Englishness and Seamus Heaney's poetry of Irish nationhood This radically intertextual approach takes issue with influential accounts of post war poetry that have drawn on postcolonialism Instead of being made to reflect contemporary agendas the poetics of nationhood are here considered in all their textual and ideological complexity and restored to the historical intellectual and literary contexts which postcolonial emphases on identity often play down or simplify Whereas critics in post devolution Britain increasingly use texts to debunk or promote specific versions of national identity this study interrogates the very terms in which the debate has been conducted Its metacritical analyses expose the contradictions of identity politics and its intertextual readings help re draw the map of post war poetry in Britain and Ireland
