linguistic historical or ideological have taken up the novels only in recent years For many Austen s novels are valued for their romantic content as love stories but increasingly they are being perceived as sophisticated ironic narratives In this the quality of translation has been a significant factor and the many film and television adaptations have played an important part in establishing Austen s reputation amongst the public at large It will be seen from this that across Europe Austen s reception history is far from uniform and has been shaped by a complex of extra literary forces **Quarterly of Film, Radio and Television** ,1997 American Book Publishing Record ,2006 Indian and Foreign Review ,1964
