Arthur in terms of comparative mythology as he explores how the Once and Future King remains relevant in our contemporary world From ancient legend to Monty Python Arthur God and Hero in Avalon discusses everything from the very earliest versions of the King Arthur myth to the most recent film and television adaptations offering insight into why Arthur remains so popular a hero whose story still speaks so eloquently to universal human needs and anxieties *Handbook of Arthurian Romance* Keith Busby,2017 The renowned and illustrious tales of King Arthur his knights and the Round Table pervade all European vernaculars as well as the Latin tradition Arthurian narrative material which had originally been transmitted in oral culture began to be inscribed regularly in the twelfth century developing from pseudo historical beginnings in the Latin chronicles of historians such as Geoffrey of Monmouth into masterful literary works like the romances of Chr tien de Troyes Evidently a big hit Arthur found himself being swiftly translated adapted and integrated into the literary traditions of almost every European vernacular during the thirteenth and fourteenth centuries This Handbook seeks to showcase the European character of Arthurian romance both past and present By working across national philological boundaries which in the past have tended to segregate the study of Arthurian romance according to language as well as by exploring primary texts from different vernaculars and the Latin tradition in conjunction with recent theoretical concepts and approaches this Handbook brings together a pioneering and more complete view of the specifically European context of Arthurian romance and promotes the more connected study of Arthurian literature across the entirety of its European context **Merlin** Peter H.
