## **The Little Apple:**

**The Little Apple** Deborah Smith Ford, 2012-04-12 The Little Apple is about life on an apple farm. It is a child's take on the daily work, play, and other responsibilities of a farm. Take a sneak peek at a child's point of view when it comes to family, friends, home, pets, and the farm. Intimate details are lived and remembered every scent, sight, touch, and sound form such lasting memories for this child, as well as for the readers. Experiencing The Little Apple will help to either bring back days of old for some or conjure up ideas of what it would be like to live on a farm. Maybe even whet the appetite for a delicious home-baked apple pie. *Little Apple* Brigitte Weninger, Anne Möller, 2001 In simple words and pictures, a young girl describes the life cycle of the apple from tiny seed to tree, from beautiful blossom to juicy apple, and expresses her gratitude for this small but wonderful miracle of nature.

**The Little Apple Tree Is Growing Up** Ludwig Hellmann, 2019-09-20 The second volume of the Bedtime Stories of the Little Apple Tree. The Little Apple Tree is Growing Up is a continuing story consisting of 26 individual stories that attempt to answer many questions surrounding nature and the environment in a way suitable for children. Each story is a full tale after which kids can easily fall asleep. German version <https://www.amazon.de/dp/B00J456SJY> has more than 40 customer reviews as of 01 October 2019 with an average of 4.9 of 5 stars. The little apple tree's greatest wish comes true thanks to the help of a grandfather and his grandson who help the tree grow big, sweet apples. But then the tree gets bored, which is not so surprising since he is always standing at the same spot. With the help of his friends, the little tree manages, however, to develop an optimistic outlook for the future. Further, the apple tree, together with the rose bush and the maple tree, succeed in finding a new home for the cat Velvet Paws. They also get to know the squirrel Pompomtail. And in the end, something happens that the little apple tree would never have expected. The apple tree gets a task that will keep him busy for the rest of his life. The Bedtime Stories are about courage, wishes, hopes, and how important it is to learn and always have goals in life. Of course, friendship, trust, and mutual help are also central issues in the second volume, even though the apple tree has to learn that it is not always a good idea to get involved in others' business, even if one only wishes to help. A book to be read to children age 4 through 10. The Goodnight Stories of a Little Apple Tree contains 27 black and white illustrations. Free coloring templates.
