Filled with interactive and useful e-learning resources to help students test their learning, keep up to date with the latest evidence and further expand their knowledge, it features clinical decision making scenarios, quiz questions, updates to content, hyperlinked references, images from the book, lecturer resources.

Diabetes in Cardiovascular Disease: A Companion to Braunwald's Heart Disease E-Book Darren K. McGuire, Nikolaus Marx, 2014-10-10. Diabetes in Cardiovascular Disease is a current expert resource focusing on the complex challenges of providing cardiovascular care to patients with diabetes. Designed as a companion to Braunwald's Heart Disease, this interdisciplinary medical reference book bridges the gap between the cardiology and endocrinology communities of scientists and care providers and highlights the emerging scientific and clinical topics that are relevant for cardiologists, diabetologists, endocrinologists and the extended diabetes care team. Access essential coverage of basic and clinical sciences complemented by an expanded focus on epidemiology, behavioral sciences, health policy and disparities in health care. Take advantage of a format that follows that of the well known and internationally recognized Braunwald's Heart Disease. Review the best available clinical data and pragmatic recommendations for the prevention and management of cardiovascular complications of diabetes, national societal intervention strategies to curb the growing prevalence of diabetes and the current pathophysiological understanding of cardiovascular comorbidities in patients with diabetes. Consult this title on your favorite e-reader, conduct rapid searches and adjust font sizes for optimal readability.
