Winston Dressler:

A Journey Through Dementia/Alzheimer's Disease Geraldine McCall,2013-03 Nora Scruggs McCall was a deeply religious woman who never lost her faith that God was always in control and that everything would work out as it should Even as her dementia progressed she continued working as a volunteer grandmother She also continued attending church services at Mount Calvary Baptist Church every weeknight and on Sundays As Nora goes into decline the task of taking care of her falls to her second eldest daughter Gerry With power of attorney Gerry must try and unite her siblings John Jessie Jeannie and Carolyn in agreeing how to handle their mother s declining health and eventually how to settle her estate A Journey Through Dementia Alzheimer s Disease is Gerry s story as she struggles to take care of her mother and resolve her divided family s conflicts It is a story that will undoubtedly resonate with anyone who has cared for a family member suffering from Alzheimer s or Dementia

A Prehistory of Western North America David Leedom Shaul,2014-06-30 This book offers a new approach to the use of linguistic data to reconstruct prehistory The author shows how a well studied language family in this case Uto Aztecan can be used as an instrument for reconstructing prehistory The main focus of Shaul s work is the mapping of Uto Aztecan By presenting various models of Uto Aztecan prehistory by assessing multiple models simultaneously and by guiding readers through areas where the evidence is not so clear Shaul helps nonspecialists develop the tools needed for evaluating various historical linguistics models themselves He evaluates both archaeological and genetic evidence as well placing it carefully alongside the linguistic evidence he knows best Shaul s thorough treatment provides many new avenues for future research on the historical anthropology of western North America

Iconic Investigations Lars Elleström,Olga Fischer,Christina Ljungberg,2013 The contributions to Iconic Investigations deal with linguistic or literary aspects of language While some studies analyze the cognitive structures of language others pay close attention to the sounds of spoken language and the visual characteristics of written language In addition this volume also contains studies of media types such as music and visual images that are integrated into the overall project to deepen the understanding of iconicity the creation of meaning by way of similarity relations Iconicity is a fundamental but relatively unexplored part of signification in language and other media types During the last decades the study of iconicity has emerged as a vital research area with far reaching interdisciplinary scope and the volume should be of interest for students and researchers interested in scholarly fields such as semiotics cognitive linguistics conceptual metaphor studies poetry intermediality and multimodality

The World Imagined Hendrik Spruyt,2020-07-02 Taking an inter disciplinary approach Spruyt explains the political organization of three non European international societies from early modernity to the late nineteenth century The Ottoman Safavid and Mughal empires the Sinocentric tributary system and the Southeast Asian galactic empires all which differed in key respects from the modern Westphalian state system In each of these societies collective beliefs were critical in structuring domestic orders and relations with other polities These multi ethnic empires allowed for greater accommodation

and heterogeneity in comparison to the homogeneity that is demanded by the modern nation state Furthermore Spruyt examines the encounter between these non European systems and the West Contrary to unidirectional descriptions of the encounter these non Westphalian polities creatively adapted to Western principles of organization and international conduct By illuminating the encounter of the West and these Eurasian polities this book serves to question the popular wisdom of modernity wherein the Western nation state is perceived as the desired norm to be replicated in other polities
