

# Scribe

Scribes are those that understand language in all its forms. Rather than study magic or be gifted it by greater powers, scribes understand and listen to magic itself, and can share these secrets by speaking them into spells. Through this understanding, scribes can inscribe anything from a quill to a deck of cards to use as a weapon alongside your greatest swords and spears.

Scribes focus on individual aspects of language, and specialize in the meaning behind words as much as the words themselves. Whether it be the power of text, the inflections in one's voice, or even the near-imperceptible signals your body gives when you speak, scribes can often be found in libraries, studies, and anywhere one can find a pot of ink and a quiet fire. After all, one can hardly understand words without first learning who spoke them and how they are used.

## Creating a Scribe

When creating your Scribe, consider your character's connection to language and understanding. Perhaps they were fascinated by the ways in which species communicate? Perhaps they spent long enough staring into the sky that they eventually heard how conjurations are created?

Why specifically did your character set out on an adventure. Did you hear a whisper of the Weave and seek to understand it? Do you wish to peruse dungeons for ancient texts? Do you desire to see others communicate with one another? Through camaraderie or violence?

## Quick Build

You can make a scribe quickly by following these suggestions. First, Intelligence should be your highest ability score, followed by Constitution. Second, choose the sage or cloistered scholar background.

## **Understanding Scribe:**

The Understanding Scribe David Orton,2004-12-30 Matthew s sharpening of Jesus attacks on the scribes and Pharisees is an embarrassment to many Christian interpreters and an outrage to some Jewish ones It is commonly alleged that Matthew in fact has no particular knowledge of distinctions between the Jewish leadership groups In a fresh examination of Matthew s treatment of the scribes the author argues that the first Evangelist is actually at pains to protect the esteem in which the office of the Jewish scribe itself was traditionally held reserving Jesus direct criticism for the unenlightened Pharisees
