Katz, Robert B. McKersie**

Transformation Of Labour Relations:

The Transformation of Labour Relations John E. M. Thirkell, Krŭst'o Petkov, Sarah Vickerstaff, 1998 The substantial political changes in Eastern Europe and Russia since 1989 have been accompanied by the attempted transfer imposition and imitation of labour relations practices and mechanisms from other market economies primarily of Western Europe This book addresses the extent to which these transferred labour relations institutions are likely to take root The authors offer a comparative analysis of changing labour relations at national level in a range of countries and the role of governments international institutions trade unions and other agencies This is supported by in depth case studies on the processes of transformation at enterprise level Drawing on the findings of an international research team analysis of the change process and recent developments is related to the legacies of the socialist system

The Transformation of American Industrial Relations Thomas A. Kochan, Harry C. Katz, Robert B. McKersie, 2018-08-06 Originally published in 1986 The Transformation of American Industrial Relations became an immediate classic creating a new conceptual framework for understanding contemporary insutrial relations in the United States In their introduction to the new edition the authors assess the evolution of industrial relations and human resource practives focusing particularly on the policy impoications of recent changes They discuss the diverse forms of work restructuring in the American economy the reasons why the diffusion of participatory work reorganization has been so modest work practices among sophisticated nonunion employers union membership declines and public policy debates

Reflections on the Transformation of Industrial Relations James Chelius, James Dworkin, 1990-06 The profound changes in the relationship between employers and employees during the 1980s have included increases in the extent of employee participation declining unionization wage restraint concession bargaining and labor management cooperation These essays examine whether these significant changes constitute a fundamental transformation of the American system of industrial relations

The Transformation of Employment Relations in Europe, 2013 Since the 1980s the process of European economic integration within a wider context of globalization has accelerated employment change and placed a new premium on flexible forms of work

organization The institutions of employment relations specifically those concerning collective bargaining between employers and trade unions have had to adapt accordingly The Transformation of Employment Relations focuses not just on recent change but charts the strategic choices that have influenced employment relations and examines these key developments in a comparative perspective A historical and cross national analysis of the most important and controversial issues explores the motivation of the actors the implementation of change and its evolution in a diverse European context The book highlights the policies and the role played by different institutional and social actors employers management trade unions professional associations and governments and assesses the extent to which these policies and roles have had significant effects on outcomes This comparative analysis of the transformation of work and employment regulation within the context of a quarter century timeframe has not been undertaken in any other book But this is no comparative handbook in which changes are largely described on a country by country basis but instead The Transformation of Employment Relations is rather focused thematically As Europe copes with a serious economic crisis understanding of the dynamics of work transformation has never been more important

Transformations of Work: Challenges for the Institutions and Social Actors Giuseppe

Casale, Tiziano Treu, 2019-02-15 Market volatility and uncertainty have put welfare and social security policies back centre stage and point up the need for closer links with employment policy The inability of existing income support systems to respond to the increasing fragmentation of people's working careers the needs of people in difficulty and the spread of various forms of poverty calls for well coordinated and efficient responses This volume highlights the best practices in the various regions of the world in the contexts of international and EU labour law industrial relations and social security Authoritative reports by leading scholars of labour law and social security originally presented at the twenty second World Congress of the International Society for Labour and Social Security Law ISLSSL held in Turin in September 2018 cover the following research themes in depth informal workers migrant workers global trade and labour organization productivity and well being at work transnational collective agreements new forms of social security and the role of the State and industrial relations In its insistence that despite the radical changes in the world of work and business brought about by globalization and digital technologies the decisions of institutions and public and private actors can lead to a more coherent system of international economic and social governance this timely volume shows the way forward Practitioners policymakers and scholars in the relevant fields will benefit immeasurably from its expert analyses and recommendations
