Digital Productivity Ebook:

Building a Second Brain Tiago Forte, 2022-06-14 Building a second brain is getting things done for the digital age. It's a productivity method for consuming, synthesizing, and remembering the vast amount of information we take in, allowing us to become more effective and creative and harness the unprecedented amount of technology we have at our disposal. **Trade eBooks in Libraries** Paul Whitney, Christina Castell, 2016-12-05 With the advent of downloadable retail eBooks marketed to individual consumers for the first time in their history, libraries encountered an otherwise commercially available text format they were prevented from adding to their collections. Trade eBooks in Libraries examines the legal frameworks which gave rise to this phenomenon and advocacy efforts undertaken in different jurisdictions to remove barriers to library access. The principal authors provide a general historical overview and an analysis of library eBook principles developed by a variety of library associations and government reviews. In addition, experts from twelve countries present summaries of eBook developments in their respective countries and regions. **Free to Focus** Michael Hyatt, 2019-04-09 Everyone gets 168 hours a week, but it never feels like enough. Does it? Work gobbles up the lion's share. Many professionals are working as much as 70 hours a week, leaving less and less for rest, exercise, family, and friends. You know all those things that make life great. Most people think productivity is about finding or saving time. But it's not. It's about making our time work for us. Just imagine having free time again. It's not a pipe dream. In *Free to Focus*, New York Times bestselling author Michael Hyatt reveals to readers nine proven ways to win at work so they are finally free to succeed at the rest of life: their health, relationships, hobbies, and more. He helps readers redefine their goals, evaluate what's working, cut out the nonessentials, focus on the most important tasks, manage their time and energy, and build momentum for a lifetime of success. **Instant eBook Success** William Ubagan, 2025-01-16 Unlock the secrets to eBook success with *Instant eBook Success: Earn Your First 100 in Hours*. Active Learning in the Digital Age Classroom Ann Heide, Dale Henderson, 2001 This exciting new book shows you how to harness the amazing power of technology to enable and enhance active learning. Whether you are a technophobe or experienced tech user, you'll discover firsthand how information and communication technology (ICT) can help you empower learners, improve learning and prepare students for the future. Whenever we as teachers undertake change in curriculum delivery or teaching methods, it is not a decision we make lightly. Heide and Henderson ensure that your transition is as smooth as possible and that every student will benefit. Their book addresses the many practical issues that accompany the use of ICT and provides answers to the most frequently asked questions, including: How do I get started? What equipment do I need? How can I arrange my classroom to facilitate student use? How can ICT and educational technologies make my classroom more student-centered? How do I set up and control workstations? How can I individualize my program? What about assessment and evaluation? What is my role in this environment? Because the authors believe that effective classroom practices derive from carefully researched
