highlight key technical and performance data Hundreds of photos illustrate the vehicles and even include detail shots of engine bays and interiors Originally formed as a side business MG became one of the world s most recognized car brands From prewar saloons to fast and affordable two seat sports cars in the pre and postwar periods MG has exuded fun thanks to models like the Midgets and Magnettes the traditionally styled T Types and the vehicles that would become the marque s most recognizable the MGA MGB and MGC MG would undergo several ownership changes throughout the years and Alkureishi expertly shows how different ownership groups affected MG cars good or bad Along the way the company competed on racetracks around the world and Alkureishi describes the most successful of these exploits in complementary sidebars The Complete Book of Classic MG Cars is the essential guide to this important chapter in the history of motoring
