The book we've needed the Turabian of search James M Heffernan State University of New York  
This Handbook focuses on administrative searches below the level of the presidency the searches for vice presidents deans directors and coordinators for which the appointment of a search committee is the norm It is written for practitioners for the institutional leaders who will plan the search form the committee and later make the appointment as well as for the chair and members of the search committee itself It is intended as a guide and a fund of ideas to promote better more informed and more effective practice
