Unice Position Papers 1998 Part Two:

Battle Of Single European Market Gilles Grin, 2012-11-12 First published in 2004 This book studies the history of the single or internal market of the European Union since its beginnings after the Second World War until the end of 2000 The perspective is pluridisciplinary and incorporates several dimensions historical political economic legal and sociological

EU Emissions Trading Jon Birger Skjærseth, Jørgen Wettestad, 2016-04-22 The EU Emissions Trading Scheme EU ETS has been characterized as one of the most far reaching and radical environmental policies for many years Given the EU's earlier resistance to this market based and US flavoured programme the development and implementation of the EU ETS has been rapid This novel approach to environmental regulation has the potential to affect not only greenhouse gas emissions in the EU but also international strategies for climate change protection This book investigates the origins evolution and consequences of the EU ETS and offers significant contributions to the literatures on climate policy and EU policy making

Social Partnership in the European Union H. Compston, J. Greenwood, 2001-05-13 This study examines the extent to which the development and operation of social partnership at EU level can be explained in terms of the logic of self interest as opposed to factors such as the influence of ideas or of cultural or ideological values The editors have assembled a team of international authors with rare expertise who present fresh and original data based on extensive research interviews with the main players from the highest level through to those involved in the detail of the negotiations

UNICE Position Papers 1998 UNICE (Organization), 1999 These papers provide a forum for strategic debate on the issues of concern to the European top table and to all European business strategists UNICE is the official voice of European business and industry its aim is to support the cause of business particularly in ensuring competitiveness

Transnational Collective Bargaining at Company Level Isabelle Schömann, Romuald Jagodzinski, Guido Boni, Stefan Clauwaert, Vera Glassner and Teun Jaspers, 2012 Transnational collective bargaining TCB has become a hot topic of European industrial relations As well as collective bargaining between workers and employers conducted at the sectoral or national level negotiations on employee rights and working conditions now also take place at the supranational level within multinational companies It is a development that poses major challenges for trade unions as well as for employers and lawmakers This book takes stock of the particular challenges faced by trade union representatives works councils and employer organisations it reviews the existing literature on this topic and examines contrasting views of the prospects for subsequent development of this new practice it also offers some practical suggestions for policymakers who find themselves having to deal with this new component of the Europeanisation of industrial relations One of the key questions tackled in the book is whether a regulatory framework for TCB is feasible necessary and or useful Perhaps even more importantly can we given the proliferation of instances of TCB actually manage without such a legal system and what should be the main elements of such a framework By providing a better understanding and a critical analysis of the emergence and development of transnational collective bargaining the
