Soap Opera History:

Soap Opera History Mary Ann Copeland,1991 An introduction to the slow moving world of soap operas includes reviews of major storylines histories of how each show began cast lists and other information on both daytime and evening serials

Her Stories Elana Levine,2020-02-25 Since the debut of *These Are My Children* in 1949 the daytime television soap opera has been foundational to the history of the medium as an economic creative technological social and cultural institution In *Her Stories* Elana Levine draws on archival research and her experience as a longtime soap fan to provide an in depth history of the daytime television soap opera as a uniquely gendered cultural form and a central force in the economic and social influence of network television Closely observing the production promotion reception and narrative strategies of the soaps Levine examines two intersecting developments the role soap operas have played in shaping cultural understandings of gender and the rise and fall of broadcast network television as a culture industry In so doing she foregrounds how soap operas have revealed changing conceptions of gender and femininity as imagined by and reflected on the television screen

Days of Our Lives Maureen Russell,2010-06-07 On November 8 1965 *Days of Our Lives* debuted on NBC The show overcame a rocky beginning to become one of the best loved and longest running soap operas on daytime television For 30 years the story of the show s Horton family has been closely followed by a dedicated audience Through extensive research including the first ever examination of the show s archives and interviews with cast members writers producers and production personnel the show s history is told here This reference work provides a complete cast list from the show s debut through 1994 as well as the most comprehensive storyline of the show ever available Also included are family trees of the show s characters tracing the often confusing relationships involved in thirty years of developing roles *Worlds Without End* Museum of Television and Radio (New York, N.Y.),1997 As a special feature for this book The Museum of Television Radio conducted interviews with leading writers producers actors and directors of soap operas Dozens of revealing quotes from these interviews appear throughout the book personal and professional comments by men and women who make their living in the field

The Soap Opera and Development Feruzi Anjirbag,1990 This study begins with an acknowledgment of the power of stories and the power of story telling We tell stories to cope with our day to day experience And we tell stories that help us come to terms with the big issues in our lives death violence conflict The plot characters symbols and formula of modern day myths are our attempts to make sense in some partial way of our existence The centrality of the story is shared by all cultures across place and time Over time the frames through which we tell our tales have changed and become more technological and mass mediated But in many fundamental ways the story has remained the same We are still explaining ourselves to ourselves through characters who search for love and happiness struggle to make choices between good and bad It is getting more and more difficult to be clear cut about these values and our tales reflect this ambiguity even as they become more bizarre take flight into hitherto unexplored liminal worlds of alien planets and twilight zones This study

offers a history and critique and suggests an alternate practice for a particular story telling system the soap opera In the United States this dramatic serial is broadcast every weekday by the three commercial television networks American Broadcasting Company ABC National Broadcasting Company NBC and Columbia Broadcasting System CBS usually during the afternoons Soap operas are the only dramatic programming produced and videotaped daily Monday through Friday in broadcast studios shortly before they are aired Soap operas are shown throughout the year and are rarely preempted for other types of programming Only major news stories such as the U S invasion of Panama take precedence over the soaps This narrative form evolved from a marketing need to reach the housewife on an on going basis with messages that promote household products like soaps detergents baby products and cereal In the American context the economic function of the soap opera as a commodity to sell other commodities informs its production context and its content as well as the way the target audience is perceived by the commercial sponsors the advertisers and the networks The power of this dramatic serial has been recognized in other parts of the world as well The telenovela the Latin American counterpart of the U S soap opera is extremely popular and airs on prime time as well as during daytime Most Latin American television systems show 9 to 14 telenovelas daily 5 to 6 times a week However the soap opera has also been used for other purposes besides entertainment It was Mexico that first demonstrated that in the combination of story and actors enhanced by the serial nature of soap opera drama could be the elements of a powerfully evocative pro social text Between the mid 1970 s and the early 1980 s Mexico produced and broadcast five soap operas designed specifically to tackle major social problems The success of this new development communication strategy proved that pro social soap operas could attract large audiences and profits while at the same time promoting development themes like adult education women s emancipation and health education Leaves 1 3

Programmers soon discovered that housewives often controlled the purse strings and soaps become an advertiser's gold mine. They now generate more than 900 million in network revenues annually. Around 50 million people reportedly including congressmen and rock stars as well as two thirds of all American television watching women tune in each weekday afternoon for a dosage of love, loss and libido via the soaps. This scholarly study examines the soap phenomenon from a sociological point of view. Included in the analysis is classic research by Rudolf Arnheim, Herta Hartzog and Helen Kaufman as well as contemporary studies and previously unpublished research. The evolution of popular plotlines and characters as assessment of reality in today's plots which people watch soaps and why specific plotlines for the 13 soaps presently aired, 40 family trees illustrating program changes, the future of soaps, all are covered.

Soap Operas Worldwide Marilyn J. Matelski, 1999. While the American soap opera is known primarily for its marketing value, producers, health professionals, politicians and rebels elsewhere focus on the serials' potential for social change. African, Indian and South American serials offer information on family planning, child protection and AIDS. A Mexican telenovela parallels a government murder scandal; the program is so popular the state dare not censor it. In Russia, South American novelas are so popular that Boris Yeltsin manipulates programming to affect voters on polling day. Here is an examination of the economic and social impact of the soap opera with projections for the future. A chapter for each of the nine regions of the world offers demographic statistics of major countries, audiences, radio and television usage, stations available and synopses of the most popular serials.

The Soap Opera Muriel G. Cantor, Suzanne Pingree, 1983-06. A comprehensive survey of the history, the means of production, the content and the impact on audiences of soap operas. A sociologist and a specialist in women's studies combine to review the content of soap operas and the way in which they are produced. How have the themes of soap operas changed with social convention? How do these massively popular serials aimed at a female audience portray women at work and at home? The impact of soap opera on its audience, the different varieties of soap operas and the differences in structure, content and commercial purpose between soap operas and prime time television are also discussed. Cantor and Pingree have performed an important service by bringing together and analyzing a vast body of material.

Soap Opera Mythology & Racial-ethnic Social Change Cathy Lynette James, 1992

The Daytime Serials of Television, 1946-1960 Jim Cox, 2006. The popularity of soap operas on radio made them a natural for the new medium of television where soaps quickly became an audience favorite. As television soap operas developed so did the level of sophistication in delivery, writing and production. This history of television's golden age soaps begins with an overview of earlier serialized entertainments. An analysis of early TV soap stars, personnel and production follows, taking 40 programs into account. Ensuing chapters offer in-depth treatments of the serials: *Search for Tomorrow*, *Love of Life*, *The Guiding Light*, *The Secret Storm*, *As the World Turns* and *The Edge of Night*. Appendices include chronological and alphabetical directories of period daytime serials and rankings of the durability of programs, actors and actresses, announcers and sponsors.
