

# TEACHING STYLES

Teaching styles refer to the various methods and approaches that educators use to impart knowledge, skills, and values to their students.

## TYPES

The simplest way to differentiate between teaching styles is to compare student-centered to teacher-centered:

- **Student-centered** teaching focuses on the student and their needs.
- **Teacher-centered** teaching puts the teacher center stage.

## EXAMPLES

- **Facilitator:** a student-centered teacher who observes and supports students as they learn through the use of prompting questions or strategic interventions.
- **Delegator:** a student-centered teacher who delegates task roles to students, who often work in groups to achieve their goals.

## Teaching All Over The Places:

*Teaching in Rural Places* Devon Brenner, Jayne Downey, Karen Eppley, Ann K. Schulte, Amy Price Azano, 2026-03-17 This fully updated teacher education textbook invites preservice and new teachers to think critically about the impact of rurality on their work and provides an overview of what it means to live, teach, learn, and thrive in rural communities. It underscores the importance of teaching in rural schools as an act of social justice work that dismantles spatial barriers to economic, social, and political justice. *Teaching in Rural Places 2nd Edition* provides concrete strategies for understanding rural communities, valuing rural ways of being, and teaching in rural schools by addressing topics such as working with families, building professional networks, teaching in multi-grade classrooms, and planning place-conscious instruction. New features to this edition include new vignettes, visuals, and boxes throughout the book to aid accessibility and comprehension. A new chapter on student and teacher well-being. An updated chapter on the unique structures of rural schools which addresses multi-grade teaching, itinerant teaching, and rural careers and technical education (CTE) teaching. A fully updated chapter on technology which now includes discussions of the challenges and opportunities of AI and other innovations for rural teaching and learning. This comprehensive textbook for rural teacher education is targeted toward preservice and new teachers in traditional and alternative teacher education programs as well as new rural teachers participating in induction and mentoring programs. *Teaching in Rural Places 2nd Edition* will help ensure that rural students have the well-prepared teachers they deserve.

*The Places of Wit in Early Modern English Comedy* Adam Zucker, 2011-03-10 An exploration of wit, witlessness, and social and comic conventions in the plays of Shakespeare, Jonson, and their contemporaries.

*Teaching on Borrowed Time* Laurence C. Schwartz, 2022-02-16 In *Teaching on Borrowed Time: An Adjunct's Memoir*, Laurence C. Schwartz guides the reader through his thirty-plus years of teaching part-time as an adjunct lecturer on the university circuit. Always unpredictable and never dull, Schwartz's journey will take him to twenty different colleges and to twenty-three different subjects. The swirling range of topics Schwartz has discussed in his classes include Aristotle, social media, the Reverend Dr. Martin Luther King, Charles Manson, feminism, Charlie Chaplin, Mel Brooks, opera, the Grateful Dead, Playboy magazine, Nathan's Famous Hot Dogs, and many others. At one point, Schwartz teaches the art of hieroglyphics to five-year-olds at the Summer Institute for the Gifted. Ever the outsider, Schwartz chronicles the highs, lows, and in-betweens of teaching at public universities, private universities, four-year colleges, community colleges, sectarian colleges, a New York City high school, inner-city campuses, suburban campuses, and elite New England private academies. In addition to his consistently precarious livelihood as an adjunct, Schwartz directs, writes, and acts in the New York theater scene. Given that 65 percent of the nation's undergraduate faculty consists of adjuncts who have uncertain job security, *Teaching on Borrowed Time* gives voice to the adjunct community as well as those who stubbornly forge ahead in their professional quests for the sheer joy of the work.
