Teaching And Learning In The Early Years

David Whitebread, Penny Coltman

Teaching And Learning In The Early Years:

Learning Together in the Early Years Theodora Papatheodorou, JANET R Moyles, 2008-07-09 Relational pedagogy underpins the core principles of both the cognitive and social emotional development of young children as evidenced in the Reggio Emilia preschools and the Te Whariki curriculum in New Zealand Emphasising the links between people places and ideas and the effects of these on education educators and learners it is integral to the English Early Years Foundation Stage and forms the basis for early years provision around the world This book brings together contributions from international experts on early years education to explore and debate relational pedagogy across different countries and in the context of a broad international field The three sections of the book cover the following areas culture environment and adult child relationships how children and adults relate to the culture ethos and environment in which they function adult child relationships how education and care environments directly relate to learning and teaching adult adult relationships for professional development in training situations and parental partnerships The book will be of interest to all those who want to delve deeper into how these interactions affect teaching and learning and to understand how the context can have its own impact on pedagogical outcomes Researchers in early years education and students on early childhood education courses will find much here to inspire and challenge their thinking

Teaching and Learning in the Early Years David

Whitebread, 1996 Young children do have specific needs and the education we offer them should reflect these needs It must take into account the ways children learn and develop crucial factors which are often overlooked

Teaching and Learning in the Early Years David Whitebread, Penny Coltman, 2015-02-20 This best selling text book provides a broad ranging and up to date review of thinking and best practice within nursery and infant education Written around the basic truth that an effective early years curriculum must start with the children their needs and their potential the contributors to this classic text acknowledge that learning must have a strong element of fun wonder and excitement Fully revised and updated in light of recent changes to the Early Years curriculum with brand new chapters on assessment communication writing creativity and diversity the contributors address a range of fundamental issues and principles including an analysis of research into how children learn discussions of issues such as classroom organisation curriculum management and assessment a detailed section on play and language chapters covering individual curriculum areas including new chapters on music and PSHE Each chapter combines a review of important principles with practical and inspiring classroom examples throughout It is essential reading for all Foundations Stage and KS1 trainee teachers their tutors and mentors and serving teachers working in the 3 7 age range who wish to reflect upon and develop their practice

Teaching Early Years Amanda Thomas, Karen

McInnes, 2017-10-23 This textbook focuses on the main areas of teaching young children covering the 3 7 years age range that spans the early years and primary phases The majority of chapters are written by both an academic and practitioner reflecting a genuine theory and practice approach and this helps the reader to set theoretical discussion in the context of real

practice Key themes explored within the book include Play and playfulness in the curriculum Child development in practice Literacy development and subject pedagogy Creativity and outdoor learning Packed full of learning features such as case studies reflective questions and lesson plans Teaching Early Years is an essential resource for both students and practitioners and will enhance your knowledge of how young children think and learn [A Guide to Early Years and Primary Teaching](#) Dominic Wyse,Sue Rogers,2016-04-20 How do people become effective teachers This is the textbook students need to support them on this journey no matter their training route or whether primary or early years in focus Through a unique pairing of academic research and teaching expertise each chapter is collaboratively authored by an academic specialist and an experienced practitioner to provide a realistic and practical view of teaching children from years 3 11 The book combines all the major topics theories and research students need to know along with up to date policy and legislation Inventive and practical learning aids and carefully crafted online resources will help readers to Understand helpful learning aims at the beginning and summaries at the end of every chapter guide students through each topic Apply Spotlight on Practice features highlight real teaching examples Putting it into Practice features provide advice on how key concepts can be employed in real life whilst classroom activities on the website provide further ideas for teaching Reflect on key concepts as well as your own practice and values through the reflection points and author podcasts on the website outlining key issues to stimulate critical thinking Go further with informative annotated further reading at the end of every chapter links to relevant websites integrated throughout and carefully selected SAGE journal articles freely available on the website This is an essential textbook for use across all your primary and early years teaching courses whether students are training to be lower upper primary school teachers or early years practitioners including those on undergraduate or postgraduate teacher training courses and employment based routes *Learning in the Early Years* Jeni Riley,2003-09-08 This book will help early years educators understand the nature form and content of the curriculum for children aged 3 to 7 and the most appropriate ways of presenting it **The Early Years of School** Freda Briggs,Gillian K. Potter,1999 The Early Years of School has been revised and expanded from the earlier editions of Teaching Children in the First Three Years of School This book provides a practical and theoretical approach for students training to teach infant and junior primary classes *Technology and Digital Media in the Early Years* Chip Donohue,2014-08-07 A Co Publication of Routledge and NAEYC Technology and Digital Media in the Early Years offers early childhood teacher educators professional development providers and early childhood educators in pre service in service and continuing education settings a thought provoking guide to effective appropriate and intentional use of technology with young children This book provides strategies theoretical frameworks links to research evidence descriptions of best practice and resources to develop essential digital literacy knowledge skills and experiences for early childhood educators in the digital age Technology and Digital Media in the Early Years puts educators right at the intersections of child development early learning developmentally appropriate practice early childhood teaching practices

children's media research teacher education and professional development practices The book is based on current research promising programs and practices and a set of best practices for teaching with technology in early childhood education that are based on the NAEYC FRC Position Statement on Technology and Interactive Media and the Fred Rogers Center Framework for Quality in Children's Digital Media Pedagogical principles classroom practices and teaching strategies are presented in a practical straightforward way informed by child development theory developmentally appropriate practice and research on effective appropriate and intentional use of technology in early childhood settings A companion website http://teccenter.ericson.edu/tech_in_the_early_years provides additional resources and links to further illustrate principles and best practices for teaching and learning in the digital age

Play, Learning and the Early Childhood Curriculum Elizabeth Wood, Jane Attfield, 2005-05-17 An excellent overview of the development in thinking about play based on research into different aspects of play This book enables the reader to not only access and engage with developing theories and ideas but also provides practical ideas and examples that have been tried and tested in the classroom This book should be compulsory reading for every teacher of young children who are interested in developing their practice to provide a stimulating active and playful environment with their children in which effective learning and positive attitudes are developed Bernadette Hancock Headteacher of Christ the King Primary School Cardiff One of the major strengths of the book is that it makes some complex theory highly accessible to its audience This makes it an excellent introductory book for use on inservice and undergraduate programs Sue Rogers Institute of Education This book aims to improve the quality of play in educational settings It will be valuable for a wide range of practitioners Nursery World In this new and updated edition of an outstanding book Wood and Attfield once again demonstrate how young children make meaning and construct knowledge through play They combine an informed discussion of the ideological tradition of the early childhood pioneers which continues to underpin most contemporary provision with a refreshing openness to the new insights provided by recent research and the new opportunities offered by the Foundation Stage era Their unrivalled explanation of the links between theorists such as Vygotsky and classroom provision for play is now expanded through considerations of recent findings in neuroscience and a renewed awareness of the sociocultural contexts of childhood as well as by studies which acknowledge the importance of boisterous rough and tumble play activities for children's development And throughout they remind readers and practitioners of the important distinction between play as a spontaneous activity of children play as such and the play which educators offer as a medium for learning Elizabeth Brooker Course Leader MA in Childhood Studies Institute of Education This book provides a thorough and up to date overview of the topical issue of teaching and learning through play Chapters cover issues including assessment through play the role of adults in children's play the impact of play on social and emotional learning and how to develop a whole school approach to learning through play This book is theoretical and detailed but extremely interesting and there is certainly practical information to be found in it Early Talk This timely Second Edition explores recent

developments which strongly endorse play as an integral part of the curriculum. The content has been fully revised to reflect contemporary thinking about the role and value of play in early childhood and beyond. A key focus is the provision of a secure theoretical and practical grounding for developing a pedagogy of play. In the first section the authors provide an overview of recent developments in education policies and reviews of research into different aspects of play. In the second section the emphasis is on classroom practice specifically organizing and developing play with particular reference to the Foundation Stage and Key Stage 1 establishing progression and continuity with Key Stage 1 assessing children's learning through play the role of adults in children's play using the plan do review approach to integrate child initiated and adult directed play the importance of socio dramatic play for children's social and emotional learning and developing a whole school play ethos. This book enables practitioners to create unity between play learning and teaching and to improve the quality of children's learning. New material provided by practitioners has been added to show how this unity can be successfully achieved. This is an essential text for students of education. It is highly recommended to those undertaking degrees in Childhood Studies and those on Initial Teacher Training programmes in early years and primary education.

Early Childhood Education Cathy Nutbrown, Peter Clough, Philip Selbie, 2008-04-11. This book aims high its aspiration and rationale are to be welcomed and applauded an original and valuable contribution to the literature of early childhood education. Early Years Early Childhood Education is an extremely valuable and informative book that emphasises the role of history and philosophy in current early childhood practices this book is accessible clearly structured and an essential reference for students of Childhood Studies. I would highly recommend this text as an introduction. ESCalate This book makes a refreshing change to a lot of textbooks. It's easy to read in short chunks and you don't want to put it down. Well worth investing in this book. I would give this book 9 out of 10. The National Childminding Association. This book is an essential informative read for practitioners and policymakers alike. It encourages reflection prompts discussion and dialogue and facilitates the building of a common understanding through making us all aware of whose shoulders we are standing on. Early Years Update. Every Early Childhood practitioner and policy maker should keep a copy of this book on their shelves a thought provoking and highly informative celebration of the ideas of our field's pioneers. If we are to understand ourselves and our times and to provide lovingly meaningful experiences for today's young children we need to understand their web of philosophical legacies and the links with our own.

Professor Tricia David Emeritus Professor Canterbury Christ Church University and Honorary Emeritus Professor University of Sheffield. This book explores the ideas behind the policies and practices in Early Childhood Education to help give students and practitioners a fuller understanding of the settings in which they work. The authors bring together ideas from the work and writings of major historical figures who have significantly shaped Early Childhood current practices to illustrate the rich history of this ever developing field. Using imaginative tools to bring alive the ideas of past pioneers the authors show how our understanding of contemporary issues has been influenced by the pioneers. The book also shows how today's

practitioners themselves become the pioneers of future development This book is for all students of Early Childhood Education including those on BA and MA courses as well as Early Years trainee teachers It is also relevant to practitioners involved in self or organisational development Early Childhood Education Petr G. Grotewell, Yanus R. Burton, 2008 This book focuses on early childhood education which spans the human life from birth to age 8 Infants and toddlers experience life more holistically than any other age group Social emotional cognitive language and physical lessons are not learned separately by very young children Adults who are most helpful to young children interact in ways that understand that the child is learning from the whole experience not just that part of the experience to which the adult gives attention Although early childhood education does not have to occur in the absence of the parent or primary caregiver this term is sometimes used to denote education by someone other than these the parent or primary caregiver Both research in the field and early childhood educators view the parents as an integral part of the early childhood education process Early childhood education takes many forms depending on the theoretical and educational beliefs of the educator or parent Other terms that is often used interchangeably with early childhood education are early childhood learning early care and early education Much of the first two years of life are spent in the creation of a child s first sense of self or the building of a first identity Because this is a crucial part of children s makeup how they first see themselves how they think they should function how they expect others to function in relation to them early care must ensure that in addition to carefully selected and trained caregivers links with family home culture and home language are a central part of program policy If care becomes a substitute for rather than a support of family children may develop a less than positive sense of who they are and where they come from because of their child care experience Theories and Approaches to Learning in the Early Years Linda Miller, Linda Pound, 2010-12-10 By focusing on key figures in early years education and care this book considers the influential thinkers and ground breaking approaches that have revolutionized practice With contributions from leading authorities in the field chapters provide an explanation of the approach an analysis of the theoretical background case studies questions and discussion points to facilitate critical thinking Included are chapters on Froebel Psychoanalytical theories Maria Montessori Steiner Waldorf education High Scope Post modern and post structuralist perspectives Forest Schools Vivian Gussin Paley Te Whatilderiki Written in an accessible style and relevant to all levels of early years courses the book has staggered levels of Further Reading that encourage reflection and promotes progression Linda Miller is Professor Emeritus of Early Years The Open University Linda Pound is a consultant and author renowned for her work in early years education and care Teaching STEM in the Early Years Sally Moomaw, 2013-03-19 Weave STEM activities into young children s daily experiences for well rounded learning Language & Literacy in the Early Years 0-7 Marian R Whitehead, 2010-03-03 Apart from any fair dealing for the purposes of research or private study or criticism or review as permitted under the Copyright Designs and Patents Act 1988 this publication may be reproduced stored or transmitted in any form or by any means only with the prior

permission in writing of the publishers or in the case of reprographic reproduction in accordance with the terms of licenses issued by the Copyright Licensing Agency Enquiries concerning reproduction outside those terms should be sent to the publishers Book Jacket **EBOOK: EFFECTIVE EARLY YEARS EDUCATION** Anne Edwards, Peter Knight, 1994-12-16 In this concise and accessible guide the authors are sympathetic to the particular demands of teaching three to eight year olds and offer practical solutions to the complex issues that are currently faced by early years educators In recognizing the demands on practitioners they provide new and challenging frameworks for an understanding of the practice of teaching young children and draw upon international research to offer a sound model of early years subject structured teaching which has the quality of children s learning at its centre Their aim is to support teacher expertise through stimulating teachers thinking about children s development motivation ways of learning and the subjects they teach These topics are clearly set in the complex institutional settings in which practitioners work and ways of taking and evaluating action are offered

Participatory Learning in the Early Years Donna Berthelsen, Jo Brownlee, Eva Johansson, 2009-01-13 The early years are an important period for learning but the questions surrounding participatory learning amongst toddlers remain under examined This book presents the latest theoretical and research perspectives about how ECEC Early Childhood Education and Care contexts promote democracy and citizenship through participatory learning approaches The contributors provide insight into national policies provisions and practices and advance our understandings of theory and research on toddlers experiences for democratic participation across a number of countries including the UK Australia New Zealand the United States Canada Sweden and Norway **The Early Years Foundation Stage** Ioanna Palaiologou, 2013-01-15 Lecturers why waste time waiting for the post to arrive Request your e inspection copy today When I showed my inspection copy to the Foundation Degree Programme Director she said it was the whole programme in a nutshell Denise Reardon Senior Lecturer Canterbury Christ Church University The Early Years Foundation Stage has been praised by academics and students for its theoretical underpinning and practical case studies In the light of the revised EYFS the new edition combines a comprehensive range of topics up to date coverage of the EYFS curriculum additional case studies an increased focus on critical reflection and access to free journal articles relating to key topics It is an ideal resource for students undertaking any Early Years or Early Childhood Studies courses or those working toward the Early Years Teacher qualification This second edition introduces new chapters on Historical developments in early years educational policy Implementation of EYFS Play based learning Observational recordings and analysis in the EYFS Working in partnership with parents Safeguarding children Children s health Inclusion in the early years Leadership Literacy Outstanding Learning Features Up to date coverage of revised EYFS New two colour layout makes the book user friendly and easy to navigate Chapter aims identify what each chapter will cover at a glance Case studies in each chapter help you to link theory to practice Further reading directs you to external resources to deepen your understanding Reflection tesks help you reflect on how the chapter can be

applied to your personal and professional development Visit www.sagepub.co.uk/Palaialogou2e for free access to a selection of SAGE Journal Articles related to key topics in the book **Early Years Foundations: Critical Issues** Moyles, Janet, Payler, Jane, Georgeson, Jan, 2014-01-01 The new edition of this book aims to critically examine the new EYFS and the key elements of the revised framework document **Visible Learning in Early Childhood** Kateri Thunder, John Almarode, John Hattie, 2021-10-05 Make learning visible in the early years Early childhood is a uniquely sensitive time when young learners are rapidly developing across multiple domains including language and literacy mathematics and motor skills Knowing which teaching strategies work best and when can have a significant impact on a child's development and future success Visible Learning in Early Childhood investigates the critical years between ages 3 and 6 and backed by evidence from the Visible Learning research explores seven core strategies for learning success working together as evaluators setting high expectations measuring learning with explicit success criteria establishing developmentally appropriate levels of learning viewing mistakes as opportunities continually seeking feedback and balancing surface deep and transfer learning The authors unpack the symbiotic relationship between these seven tenets through Authentic examples of diverse learners and settings Voices of master teachers from the US UK and Australia Multiple assessment and differentiation strategies Multidisciplinary approaches depicting mathematics literacy art and music social emotional learning and more Using the Visible Learning research teachers partner with children to encourage high expectations developmentally appropriate practices the right level of challenge and a focus on explicit success criteria Get started today and watch your young learners thrive [The Foundation Stage Teacher in Action](#) Margaret Edgington, 2004-09-22 The book takes a deeper insight into the role of the practitioner and provides invaluable information Nursery Education I think the book would be good value for money for anyone working within a foundation stage team Foundation Stage File The Foundation Stage Teacher in Action is one of the definitive texts on the foundation stage in which Margaret Edgington deals with the realities of practice based on theory and early years principles It is immensely practical and easy to read and while it deserves to be read from cover to cover this New Edition is particularly accessible for those who want to dip in or who need to refer to a specific chapter Early Education If you are new to the Foundation Stage have been working in the Early Years for a few years or for longer than you care to remember if you have responsibility for employing staff for the Foundation Stage within your setting or if you work in a different key stage but have co-ordinator responsibility for the Foundation Stage you should buy this book National Campaign for Nursery Education Newsletter This is classic in the world of nursery education and this Third Edition with its new title reflecting the changes in that world is as exciting and challenging as earlier versions Margaret Edgington's campaigning zeal is undiminished as she asserts the prime need for specialist teachers to work with young children in the Foundation Stage and backs this claim with authoritative research references This is a strong passionate authoritative text and I shall keep it close to hand for my own work Marian Whitehead Nursery World This is the third generation of books

dealing with the pedagogy of the early years from Margaret Edgington the first two being her editions of *The Nursery Teacher in Action* originally published under the name Margaret Lally The changes that have come about in early years education notably the introduction of the Foundation Stage with its accompanying curriculum guidance and assessment requirements meant that many early years books have needed updating This Third Edition is more than an update it represents some very hard thinking about what practitioners now need to know to be effective and presents this by revisiting the original book's themes Escalate Paul Chapman Publishing and Margaret Edgington have pulled off a real gem of a book with updated sections thank you for the Forest school stuff for example and fresh insights The hard work has really paid off thanks so much Nick Swarbrick Oxford Brookes University This Third Edition brings a broader perspective to the early years world Margaret's years of experience as a practitioner and consultant in the field are evident and she manages to blend good practice policy and theoretical aspects bringing an astute yet sensitive approach to the early years practitioners varied experiences and qualifications The book reaches not only those who are starting on their careers as early years practitioners but also those who have been there a long time and witnessed many often bewildering changes where their beliefs and practice have been challenged The new edition should be essential reading not only for those working in the field whatever stage in their careers but also for anyone who seeks to understand small children and support them in the best way possible Angela D Nurse Head of Department of Childhood Studies Canterbury Christ Church University This is a fully revised and updated edition of the author's best selling book *The Nursery Teacher in Action* Second Edition This book now includes an extended section on leadership on managing the foundation stage and involving the team in monitoring and evaluating foundation stage practice Curriculum planning and assessment now reflect the new statutory guidance on the Foundation Stage Curriculum and Profile The author reviews the implementation of the Foundation Stage and the Profile positive developments and areas which are still proving challenging New material is included on the broadening role of the foundation stage teacher in integrated multi disciplinary services and providing support in other settings The book has been updated to include recent findings from Effective Pedagogy projects and other research on learning styles The Foundation Stage Teacher is essential reading for all early years students and practitioners early years course tutors and teachers new to working with 3 5 year olds and also primary headteachers

Teaching And Learning In The Early Years Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Teaching And Learning In The Early Years free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Teaching And Learning In The Early Years free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Teaching And Learning In The Early Years free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the

PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Teaching And Learning In The Early Years. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Teaching And Learning In The Early Years any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Teaching And Learning In The Early Years Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
