In addition to providing insightful research analyses, Grabe and Stoller offer practical advice for practitioners and researchers, including evidence-based teaching ideas and a multi-step iterative process for conducting meaningful action research on reading-related topics. The volume outlines 29 projects for teacher adaptation and use, as well as numerous new or substantially expanded resource materials that can be used for both action research and classroom instruction. Learning aids featured throughout the volume include key concept boxes and a glossary of key terms, quote boxes highlighting critical issues in the field, resource lists of relevant journals, books, and websites.
