Since the 1950s women have tried to technologically empower themselves particularly by entering the engineering profession. They have done so in great numbers although today it is glaringly obvious that women are still underrepresented in engineering. Women in the field still face gender based obstacles expectations and biases despite decades of efforts to eradicate these problems. These issues are addressed Florida Small Business, 1999 Academic Computing, 1987 Publishers Directory Louise Gagné, 1998
