Territorial Rights:

The Routledge Companion to Libertarianism Matt Zwolinski, Benjamin Ferguson, 2022-04-28 Have you ever wondered what libertarians think about vaccine mandates About gun control About racial and sexual inequalities While libertarianism is well known as a political theory relating to the scope and justification of state authority the breadth and depth of libertarian work on a wide range of other topics in social and political philosophy is less well known This handbook is the first definitive reference on libertarianism that offers an in depth survey of the central ideas from across philosophy politics and economics including applications to contemporary policy issues The forty chapters in this work provide an encyclopedic overview of libertarian scholarship from foundational debates about natural rights theories vs utilitarian approaches to policy debates over immigration punishment and policing and intellectual property Each chapter presents a comprehensive and up to date overview of historical and contemporary libertarian thought on its subject and thus serves as an essential guide to current scholarship and a starting place for discovering future lines of research The book also contains a section on criticisms of libertarianism written by leading scholars from the feminist republican socialist and conservative perspectives as well as a section on how libertarian political theory relates to various schools of economic thought such as the Chicago Austrian Bloomington and Public Choice schools This book is an essential and comprehensive guide for anyone interested in libertarianism whether sympathizer or critic

Handbook on the Geographies of Regions and Territories

Anssi Paasi, John Harrison, Martin Jones, 2018-07-27 This new international Handbook provides the reader with the most up to date and original viewpoints on critical debates relating to the rapidly transforming geographies of regions and territories as well as related key concepts such as place scale networks and regionalism Bringing together renowned specialists who have extensively theorized these spatial concepts and contributed to rich empirical research in disciplines such as geography sociology political science and IR studies this interdisciplinary collection offers fresh cutting edge and contextual insights on the significance of regions and territories in today s dynamic world

Global Justice and Territory Cara Nine, 2012-05-31 Historical injustice and global inequality are basic problems embedded in territorial rights We ask questions such as How can the descendants of colonists claim territory that isn t really theirs Are the immense exclusive oil claims of Canada or Saudi Arabia justified in the face of severe global poverty Wouldn t the world be more just if rights over natural resources were shared with the world s poorest These concerns are central to territorial rights theory and at the same time they are relatively unexplored In fact while there is a sizable debate focused on particular territorial disputes there is little sustained attention given to providing a general standard for territorial entitlement This widespread omission is disastrous If we don t understand why territorial rights are justified in a general principled form then how do we know they can be justified in any particular solution to a dispute As part of an effort to remedy this omission in this book Cara Nine advances a general theory of territorial rights Nine puts forward a theory of territorial rights that starts with the idea that territorial rights affect

everybody Territorial rights she asserts must be universally justified She adapts a theoretical framework from natural law theory to ground all territorial claims In this framework particular territorial rights are claimable by the collectives that establish legitimate minimal conditions for justice within a geographical region A consequence of this theoretical approach to territorial rights is that exclusive resource entitlements are justified even if they maintain global inequality **Hearings** United States. Congress. Senate. Committee on Commerce,1953 **Encyclopedia of Global Justice** Deen K. Chatterjee,2011-10-06 This two volume Encyclopedia of Global Justice published by Springer along with Springer s book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas *Conservation and Management of Transnational Tuna Fisheries* Robin Allen,James A. Joseph,Dale Squires,2010-02-16 Conservation and Management of Transnational Tuna Fisheries reviews and synthesizes the existing literature focusing on rights based management and the creation of economic incentives to manage transnational tuna fisheries Transnational tuna fisheries are among the most important fisheries in the world and tuna commissions are increasingly shifting toward this approach Comprehensively covering the subject Conservation and Management of Transnational Tuna Fisheries summarizes global experience and offers practical applications for applying rights based management and the creation of economic incentives addressing potential problems as well as the total level of capacity This reference work is divided into four parts beginning with an overview of the book including the issues property rights and rights based management The subsequent sections address issues arising with property rights discuss bycatch and cover compliance enforcement trade measures and politics Written by an expert team of international authors Conservation and Management of Transnational Tuna Fisheries will appeal to social and fisheries scientists and fishery managers in universities and research institutions government and non governmental organizations fisheries management bodies members of the fishing industry and international institutions **Broadcasting and Televising Baseball Games** United States.
