Test Tube Father:

The Father's Role M. E. Lamb, 2013-10-28 *Multivariable Modeling and Multivariate Analysis for the Behavioral Sciences* shows students how to apply statistical methods to behavioral science data in a sensible manner. Assuming some familiarity with introductory statistics, the book analyzes a host of real world data to provide useful answers to real life issues. The author begins by exploring the types and design of behavioral studies. He also explains how models are used in the analysis of data. After describing graphical methods such as scatterplot matrices, the text covers simple linear regression, locally weighted regression, multiple linear regression, regression diagnostics, the equivalence of regression and ANOVA, the generalized linear model, and logistic regression. The author then discusses aspects of survival analysis, linear mixed effects models for longitudinal data, and the analysis of multivariate data. He also shows how to carry out principal components factor and cluster analyses. The final chapter presents approaches to analyzing multivariate observations from several different populations. Through real life applications of statistical methodology, this book elucidates the implications of behavioral science studies for statistical analysis. It equips behavioral science students with enough statistical tools to help them succeed later on in their careers. Solutions to the problems, as well as all R code and data sets for the examples, are available at www.crcpress.com.

The Ninety Ninth Step to My Father's Hill Jacob Chacko Tony, Mbbs Tony, 2009-07 The author, a conservative Catholic Christian, discusses his faith and contemporary culture.

In the Trenches Tatiana L. Dubinskaya, 2020-03-01 Tatiana L. Dubinskaya's autobiographical novel of life in the Russian army, marked the first major work published by a female World War I soldier in the Soviet Union. Often compared to *All Quiet on the Western Front*, Dubinskaya's stark and unsparring story presents a rare look at women in combat and one of the few works of fiction set on the eastern front. Zinaida, a Russian schoolgirl, runs away from home to join the army. Sent to the front, she endures the horrors of trench warfare and the hardships of military life. Undercurrents of revolutionary thinking filter into the ranks as morale begins to crumble. Zinaida must come to grips with the havoc unleashed by the czar's overthrow and the new socialist government's attempts to impose revolutionary reforms on the army. Destabilization and desertion follow, and her regiment joins the chaotic mass retreat of the Russian army in the summer of 1917. In addition to Dubinskaya's original novel, this edition includes selections from her 1936 autobiographical work *Machine Gunner*, which she rewrote to satisfy Stalinist censors.
