Steps to Freedom Danny Ray Christian,2022-02-06 Freedom is not free it took me nearly forty years to realize this fact about freedom It was not until I fully embraced the grace and love of God and the Lord Jesus Christ that I experienced true freedom This book gives a concise description of the byways and highways I took in order to arrive at the point in my life where I could honestly say FREE AT LAST THANK GOD ALMIGHTY I AM FREE AT LAST In the course of me going from a man who spent 3 5th of his life behind prison bars and insane asylum fences I can tell you that freedom was wasted on me as long as I took it for granted I was delivered from all the mental emotional and spiritual shackles that held me bound the day I gave my life over to God Now I can declare that I not only talk about the joy of being free but can also testify that there is no more liberating freedom than that which comes with Christs blood bought Salvation and the peace of mind that the Father gives all those whose mind is stayed on Him It is my belief that none of us can get the full benefit out of freedom in its true form until we understand that The One we serve determines the rewards we get for our servitude The reality is that as long as we live on this earth we are going to serve either God and Jesus or Satan and our flesh Trust me when I tell you Your life will be a hundred times better off if you commit yourself to being in the will of God I hope that you will read my testimony as it is summed up in this small book and know that what Jesus did for me once I accepted the freedom he purchased for me on the Cross of Calvary he will do the same thing for you

Freedom of Religion, Apostasy and Islam Abdullah Saeed,2017-03-02 Debate on freedom of religion as a human right takes place not only in the Western world but also in Muslim communities throughout the world For Muslims concerned for this freedom one of the major difficulties is the punishment for apostasy death for those who desert Islam This book argues that the law of apostasy and its punishment by death in Islamic law is untenable in the modern period Apostasy conflicts with a variety of foundation texts of Islam and with the current ethos of human rights in particular the freedom to choose one s religion Demonstrating the early development of the law of apostasy as largely a religio political tool the authors show the diversity of opinion among early Muslims on the punishment highlighting the substantial ambiguities about what constitutes apostasy the problematic nature of some of the key textual evidence on which the punishment of apostasy is based and the neglect of a vast amount of clear Qur anic texts in favour of freedom of religion in the construction of the law of apostasy Examining the significant challenges the punishment of apostasy faces in the modern period inside and outside Muslim communities exploring in particular how apostasy and its punishment is dealt with in a multi religious Muslim majority country Malaysia and the challenges and difficulties it faces there the authors discuss arguments by prominent Muslims today for an absolute freedom of religion and
