The Tour:

The Tour De France, 1903-2003 Hugh Dauncey, Geoff Hare, 2004-08-02 This book analyses the Tour de France over its long history both as France's most prestigious and famous sporting event and as a European and increasingly a world cycling competition. This study provides interdisciplinary and varied perspectives on the sporting, cultural, social, economic and political significance of the Tour within and outside France, giving a comprehensive and authoritative investigation of up to the minute thinking on what the Tour means now and in the past to competitors, to France, to the French public, to the cultural history of sport and the sport of cycling itself. *Motorcycle Illustrated*, 1918 Hearings, Reports and Prints of the House Committee on Interstate and Foreign Commerce United States. Congress. House. Committee on Interstate and Foreign Commerce, 1968 *Hearings, Reports and Prints of the Senate Committee on Commerce* United States. Congress. Senate.
