The Torquemada Principle:

The Torquemada Principle Jerrold Morgulas,1986-06-01 **Torquemada Principle** Jerrold Morgulas,1976-01-01

The Torquemada Principle Jerrold Morgulas,1980 **The Epiclesis Debate at the Council of Florence** Christiaan Kappes,2019-10-31 The Epiclesis Debate at the Council of Florence is the first in depth investigation into both the Greek and the Latin sides of the debate about the moment of Eucharistic transubstantiation at the Council of Florence Christiaan Kappes examines the life and times of the central figures of the debate Mark Eugenicus and John Torquemada and assesses their doctrinal authority Kappes presents a patristic and Scholastic analysis of Torquemada s Florentine writings revealing heretofore unknown features of the debate and the full background to its treatises The most important feature of the investigation involves Eugenicus Kappes investigates his theological method and sources for the first time to give an accurate appraisal of the strength of Mark s theological positions in the context of his own time and contemporary methods The investigation into both traditions allows for an informed evaluation of more recent developments in the official teaching of the Roman Catholic Church in light of these historical sources Kappes provides a historically contextual and contemporary proposal for solutions to the former impasse in light of the principles rediscovered within Eugenicus s works This monograph speaks to contemporary theological debates surrounding transubstantiation and related theological matters and provides a historical framework to understand these debates The Epiclesis Debate at the Council of Florence will interest specialists in theology especially those with a background in and familiarity with the council and related historical themes and is essential for any ecumenical library

Galdos Jo Labanyi,2014-01-14 Benito Perez Galdos has been described as the greatest Spanish novelist since Cervantes His work constitutes a major contribution to the nineteenth century novel rivalling that of Dickens of Balzac and making him an essential candidate for any course on the fiction of the period Jo Labanyi s study is supported by a wide ranging introduction a section of contemporary comment headnotes to each piece and helpful appendix material

The Earth Is the Lord's Liam de los Reyes,2025-06-17 What does the Christian tradition have to say about property and ownership The Earth Is the Lord s offers compelling answers to this question In this timely and thought provoking book author Liam de los Reyes presents a counterpoint from within the Christian tradition to both Lockean and utilitarian theories of property Combining strong textual evidence and clear reasoning de los Reyes sets forth a natural law theory of property based on key patristic scholastic early modern and contemporary theological sources This theory posits that all things belong properly to God that God has given human beings the power to use the things of the world for their own flourishing and that property as a convention ought to govern and distribute the things of the world in accordance with this divine purpose More specifically de los Reyes argues that within the Christian tradition property is a convention that gives expression to the political nature of humans by protecting certain principles of justice in how humans govern the material order while leaving the determination of any one property regime open to a people s political reasoning that takes into

account that people's historical cultural and environmental contexts De los Reyes's theory is general enough to support a wide array of philosophical and theological theories of justice but also concrete enough to clarify many of the related critiques of capitalism and markets making it of particular interest to scholars of ethics religion philosophy law and economics

Birthplace, Migration and Crime Ronald D. Francis, 2014-03-26 An historical and contemporary account of migrant crime in Australia this book explores a range of issues from mental health and victimology to immigration policy and legal analysis arguing that it is birthplace not race which impacts upon crimes committed by migrants

The Origins of the Inquisition in Fifteenth Century Spain Ben Zion Netanyahu, 2001 The Spanish Inquisition remains a fearful symbol of state terror Its principal target was the conversos descendants of Spanish Jews who had been forced to convert to Christianity some three generations earlier Since thousands of them confessed to charges of practicing Judaism in secret historians have long understood the Inquisition as an attempt to suppress the Jews of Spain In this magisterial reexamination of the origins of the Inquisition Netanyahu argues for a different view that the conversos were in fact almost all genuine Christians who were persecuted for political ends The Inquisition's attacks not only on the conversos religious beliefs but also on their impure blood gave birth to an anti-Semitism based on race that would have terrible consequences for centuries to come This book has become essential reading and an indispensable reference book for both the interested layman and the scholar of history and religion
