reexamination of just how powerful a united working class can be The Great Lawrence Textile Strike of 1912 the Bread and Roses Strike was a public protest by 20 000 to 25 000 immigrant workers from several countries prompted by a wage cut Backed by skillful neighborhood organizing supported by hundreds of acts of solidarity and unified by a commitment to respect every striker s nationality and language the walkout spread across the city s densely packed tenements Defying the assumptions of mill owners and conservative trade unionists alike that largely female and ethnically diverse workers could not be organized the women activists as one mill boss described them were full of lots of cunning and also lots of bad temper They re everywhere and it s getting worse all the time Events in Lawrence between January 11 and March 25 1912 changed labor history In this volume the authors tackle the strike story through new lenses and dispel assumptions that the citywide walkout was a spontaneous one led by outside agitators They also discuss the importance of grasping the significance of events like the 1912 strike and engaging in the process of community remembrance This book appeals to a wide constituency Most directly it is of great relevance to historians of labor industrialization immigration and the development of cities as well as researchers studying social movements The story of the Bread and Roses Strike resonates strongly with social justice supporters the women s movement advocates for children s well being and anti poverty organizations Social studies and college level teachers will find it a rich resource Graduate level students will find inspiration for further research The Bread and Roses strike has excellent name recognition and has always had a considerable international audience
