 Vivekananda,1986 *Love and Sexuality in Dystopian Fiction. An Analysis of "Brave New World" and "Nineteen Eighty-Four"* Lena Gräf,2016-04-26 Seminar paper from the year 2015 in the subject English Language and Literature
 Studies Literature grade 2 3 language English abstract This term paper is supposed to deal with how love and sex are
 depicted in Brave New World and 1984 and if there are any similarities between them Furthermore we will take a brief look
 at differences and similarities to love and sex in our society What is the attitude towards marriage these days And what is the
 role of love in all of that After this we will then hopefully be able to identify what love and sex in dystopian fiction means Ever
 since Thomas More's Utopia love and sex have been a part of dystopian novels In Thomas More's times his depictions were
 ground breaking Women were not allowed to marry until they were 18 In the past this was highly unusual since most women
 married at the age of around 14 Furthermore divorce is forbidden which at this point mirrors the time More lived in This
 clearly influenced all the following writers of dystopian novels They imagine a world that is negatively silhouetted against
 their own world And since love is a big part of every society it is also a big part in every dystopian society When looking for
 the most famous dystopian novels on Google two that are immediately suggested are Brave New World by Aldous Huxley and
 1984 by George Orwell Both have one thing in common their rather negative and for us rather unusual attitude towards love
 relationships and sex **The Westminster** ,1911 *Nickelodeon* ,1916 Bhakti-yoga Swami Vivekananda,1914
Modeling Love Dynamics Sergio E. T. Al RINALDI,2015-10-22 This book shows for the very first time how love stories a
 vital issue in our lives can be tentatively described with classical mathematics Focus is on the derivation and analysis of
 reliable models that allow one to formally describe the expected evolution of love affairs from the initial state of indifference
 to the final romantic regime The models are in full agreement with the basic philosophical principles of love psychology Eight
 chapters are theoretically oriented and discuss the romantic relationships between important classes of individuals identified
 by particular psychological traits The remaining chapters are devoted to case studies described in classical poems or in
 worldwide famous films **The Christian Advocate** ,1918 **The Kingdom of Heaven** Jesse Henry Jones,1871 *Learn*
to Love Thomas Jordan PhD,2019-12-08 Learn to Love Guide to Healing Your Disappointing Love Life was written by Dr
 Thomas Jordan a New York City psychologist who specializes in the treatment of people with love life problems After 30 years
 of clinical research and treatment Dr Jordan wrote a book that shows readers how to make the psychological changes that
 will dramatically improve their love lives The method Dr Jordan describes in his book worked for many of his patients and as
 he describes in his book helped him in his own love life as well Learn to Love guides readers through the process of
 becoming aware of what they've learned about love relationships how to unlearn what was unhealthy and clarifies what they
 will need to learn or relearn and practice to get control of their love lives *Exhibitors Daily Review* ,1924 **Dr. Foote's**
