Under The Influence:

Movies under the Influence Jocelyn Szczepaniak-Gillece, 2024-08-13 A cultural history of the enduring relationship between film spectatorship and intoxicating substances *Movies under the Influence* charts the entangled histories of moviegoing and mind altering substances from early cinema through the psychedelic 1970s Jocelyn Szczepaniak Gillece examines how the parallel trajectories of these two enduring aspects of American culture linked by their ability to influence individual and collective consciousness resulted in them being treated and regulated in similar ways Rather than looking at representations of drug use within film she regards cinema and intoxicants as kindred experiences of immersion that have been subject to corresponding forces of ideology and power Exploring the effects of intoxicants such as caffeine nicotine alcohol marijuana and psychedelics on film spectatorship Szczepaniak Gillece demonstrates how American movie theaters sought to cultivate a dual identity presenting themselves as both a place of wholesome entertainment and a shadowy zone of illicit behavior *Movies under the Influence* highlights the various legislative legal and corporate powers that held sway over the darkened anonymity of theaters locating the convergence of moviegoing and drug use as a site of mediation and social control in America As much as substances and cinema are points where power intervenes they are also settings of potential transcendence and *Movies under the Influence* maintains this paradox as a necessary component of American film history

Recontextualizing a wide range of films from Hollywood to the avant garde this book examines the implicit relationship intoxicants suggest between mass media spectatorship and governmental regulation and provides a new angle from which to understand cinema's lasting role in evolving American culture

[Under the Influence](#) Rebecca Shannonhouse, 2003-02-04 Drawing on two centuries of important literary and historical writings Rebecca Shannonhouse has shaped a remarkable collection of works that are in turn tragic compelling hilarious and enlightening Together these selections comprise a profound and truthful portrait of the life experience known as addiction *Under the Influence* offers classic selections from fiction memoirs and essays by authors such as Tolstoy Cheever Parker and Poe Also included are topical gems by writers who illuminate the causes dangers pleasures and public perceptions surrounding people consumed by excessive use of drugs alcohol and tobacco Recent provocative works by Abraham Verghese the Barthelme brothers Margaret Bullitt Jonas and others expand and modernize the definition of addiction to include sex gambling and food Together these incomparable writings give shape and meaning to the raw experience of uncontrollable urges Shannonhouse's recent anthology *Out of Her Mind* Women Writing on Madness is also available as a Modern Library Paperback

[Proceedings of the Ninth Conference on Quantum Field Theory Under the Influence of External Conditions \(QFEXT09\)](#) Kimball A. Milton, Michael Bordag, 2010 QFEXT is the leading international conference held every two years highlighting progress in quantum vacuum energy phenomena the Casimir effect and related topics both experimentally and theoretically Most of the key players in the field are expected to be present Thus the proceedings will be the definitive source of information on this field which is playing an

increasingly important role in nanotechnology and in understanding fundamental issues in physics such as renormalization and in the search for new physics such as fifth forces and dark energy Proceedings of previous conferences in this series have been important and like the conferences they summarize have led to major progress in the two subsequent years This is because the fundamental aspects of quantum field theory applications of all branches of physics chemistry nanoscience and astrophysics mathematical and experimental techniques described have wide applications and all leading groups and scientists working in this field will be represented
