Kwan, 2023-09-05 China's Long and Winding Road to Modernization Uncertainty Learning and Policy Change interprets contemporary China's economic transformation from Austrian and evolutionary perspectives Fu Lai Tony Yu and Diana S Kwan incorporate culture institutions government agents and entrepreneurship to understand economic change in China In this book the authors emphasize the roles of uncertainty learning and experimentation in policy making Topics discussed range from a presentation of theoretical frameworks to understand China's economic transformation an account of China's economic management during 1950-1978 the economic reformation after 1979 concurrent with Deng Xiaoping's Open Door Policy and China's rise as a global power These topics culminate in the final section of the book which suggests a path for China's modernization **The Mozartian Historian** Joseph Levenson, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 From Comparison to World Literature Longxi Zhang, 2014-11-19 The study of world literature is on the rise Until recently the term world literature was a misnomer in comparative literature scholarship which typically focused on Western literature in European languages In an increasingly globalized era this is beginning to change In this collection of essays Zhang Longxi discusses how we can transcend Eurocentrism or any other ethnocentrism and revisit the concept of world literature from a truly global perspective Zhang considers literary works and critical insights from Chinese and other non-Western traditions drawing on scholarship from a wide range of disciplines in the humanities and integrating a variety of approaches and perspectives from both East and West The rise of world literature emerges as an exciting new approach to literary studies as Zhang argues for the validity of cross-cultural understanding particularly from the perspective of East-West comparative studies *Ancient China Captivating History*, 2019-01-29 If you want to discover the captivating history of ancient China then keep reading To understand present-day China its politics society and culture in general we have to go back to the beginnings of the Chinese civilization In this

book you will be led on a journey through almost 2 000 years of Chinese history showing you all the ups and downs of those ancient times the sufferings and joys of the Chinese people along with their greatest achievements and failures Dynasties will change people will be killed and born art made and destroyed but the Chinese civilization will prevail rising from humble beginnings to an empire that at some points outshined any other in the world at that time And yet it won t be only a tale of kings and queens emperors and rulers Of palaces and forts of swords and shields It will also tell a story of farmers and merchants artisans and artists philosophers and scientists And hopefully by the end of this introductory guide you will gain a sense of what who and how the Chinese civilization was made as great as it was and still is From that a better understanding of this amazing Far Eastern culture and its history should arise as well as a greater appreciation of its achievements and contributions to the world And with a better knowledge of history a clearer understanding of the world will come as well In Ancient China A Captivating Guide to the Ancient History of China and the Chinese Civilization Starting from the Shang Dynasty to the Fall of the Han Dynasty you will discover topics such as Chinese Lands and Birth of China Shang and Zhou Dynasties and the Rise of Royal Power Disintegration of Royal Power Birth of Imperial China Rise and Fall of the Han Dynasty Society of Ancient China The Ancient Chinese Culture Inventions and Innovations of the Ancient Chinese And much much more So if you want to learn more about Ancient China scroll up and click the add to cart button [Demystifying China](#) Naomi Standen,2012-10-24 For westerners China s history is often reduced to a choice between timeless Confucian ideals or incomprehensible barbarisms such as footbinding or mass slaughter fueled by generalizations such as China has five thousand years of history China was a Confucian society Chinese women were victims China is a communist country and many more But China is now too globally important to allow such oversimplifications to continue unchallenged and this engaging and deeply knowledgeable volume counters them vigorously In concise and accessible style the contributors scrutinize a range of historical misconceptions that have ramifications for the present and future of China and its relations with the rest of the world They consider how misunderstandings have arisen and present more sophisticated and nuanced interpretations Readers will learn how numerous popular beliefs about China s history are mistaken and what new interpretations can help build the more accurate understandings of present day China that we so badly need By explicitly addressing common misconceptions the book persuades readers to reexamine their assumptions about China s history and thus China in general and begin to see it as a real rather than largely imagined place Contributions by Elif Ak etin Bridie Andrews Tim Barrett Felix Boecking Michael C Brose Marjorie Dryburgh Imre Galambos Stanley E Henning Christian Hess Clara Wing chung Ho Judd Kinzley Fabio Lanza Peter Lorge Julia Lovell Rana Mitter Barbara Mittler Ruth Mostern Peter C Perdue Hai Ren Andres Rodriguez Tansen Sen Elliot Sperling Naomi Standen Wasana Wongsurawat and Ling Zhang
