[The Decline of the French Passé Simple](#) Emmanuelle Labeau, 2022-06-27 The disappearance of the French simple past has been hotly debated since the early 20th century This volume offers an overview of its fortunes since French emerged as a language

provides a description of its distinctive features and discusses the potential impact of its supposed demise on the whole French verb system These assumptions are tested against a large corpus of contemporary texts The study concludes that despite the erosion of its meaning and its increasingly infrequent use the simple past tense is still used by native speakers in various contexts and no single substitute has yet emerged Nevertheless the simple past may be evolving into a stylistic marker making it fertile ground for future cross linguistic studies Social Informatics Emma Spiro,Yong-Yeol Ahn,2016-11-01 The two volume set LNCS 10046 and 10047 constitutes the proceedings of the 8th International Conference on Social Informatics SocInfo 2016 held in Bellevue WA USA in November 2016 The 36 full papers and 39 poster papers presented in this volume were carefully reviewed and selected from 120 submissions They are organized in topical sections named networks communities and groups politics news and events markets crowds and consumers and privacy health and well being **Studies in Language** ,1977 **New York Court of Appeals.
