The Baker brothers have transformed quotes, personal stories, and memories of their mother into a timeless book where we are encouraged to add our own thoughts, recollections, and notes to the blank pages at the back of the book. Tips For Dad's Advice To His Sons Jennell Starwalt, 2021-04-13 Giving good advice is one of the biggest parts of being a dad. Dads must advise their kids, counsel them, warn them not to do that thing they're about to do, and offer them nuggets of lived-in wisdom that might prevent them from repeating their mistakes. Of course, so much of a father's best advice falls on deaf ears, and he is forced to repeat it 9746 times until he becomes a caricature of himself, but his kid finally hears and understands what it is he's trying to say. Such is the cycle. But rest assured, kids do listen, and as they grow older will remember those words. So keep at it. Want proof or inspiration for what advice to pass down? This collection is one father's collection of advice for his three sons, inspired by the thought that life is unpredictable and we never know what tomorrow will bring. The author's no-holds-barred approach brings a refreshing honesty to the stories he shares about growing up, mistakes he's made, and lessons learned during various stages in his life. With the hope of guiding his boys to be strong men, loyal friends, and loving fathers, the author put together this heartfelt memoir in case he can't be there himself.
