Wisdom From Beyond:

Wisdom Beyond Words Sangharakshita,2013-06-14 Ever since the Buddha s lifetime people have been trying to express the ultimate meaning of Buddhism in a form that makes complete rational sense The Prajnaparamita or Perfection of Wisdom teachings offer a giddy counterbalance to this exercise Emerging 2000 years ago as the core teachings of Mahayana Buddhism texts such as the Ratnaguna samcayagatha the Diamond Sutra and the Heart Sutra gave new impetus to the ideal of the Bodhisattva one whose energies are dedicated to the attainment of enlightenment for the sake of all beings

Wisdom Beyond Years J. Sauve',2013-02-27 This book is an understanding of how people s behavior controls our destiny It is a study of what makes us as human beings do the things we do It then studies and dissects what causes us to do the things we do and why Once we understand what makes us tick we can make the changes we desire to live the life we want to live instead of the life we are living Living in love peace and Joy can be a challenge because of the way the world looks to us Many people believe the world is happening to them The truth once understood from this powerful book can be very freeing The world isn t happening to you it is coming from you This will become your new reality once you understand the concepts and you take action on the exercises in the book You have a unique opportunity to make changes in your life that will attract the abundance love peace and joy we all desire in our lives Personal development takes commitment discipline and patience which are all qualities taught in this book When you learn the principles and laws of the universe everything you ever wanted in your life comes with ease and effortlessly Make this book one of your sources for your personal growth and recognize this is not something that can be understood with your mind You will either feel it with your heart or you are not ready for it yet If that is the case then put it down and pick it up in six months after you have had more experiences of suffering in your life You see pain is a given it will happen in all our lives at some point Whether you suffer or not will be your choice I have put handling the pain of life into an easy step by step way to remove the suffering part so you can live a happy more enjoyable life This book will change your destiny if you choose to accept the challenges laid out in its pages Don t let it pass you by This is the life changing book you have been waiting for *Eternal Legacy / Wisdom Beyond Words* Sangharakshita,2020-04-07

Metaphors Magic and Mystery Sangharakshita,2015-01-27 The theme of this anthology is words especially words in the context of the Dharma Words have such power and magic and yet they also present so many limitations and pitfalls There are questions of how to use them skilfully and accurately and the dangers of taking things too literally or misunderstanding metaphors Indeed there s the difference between understanding words and really knowing anything at all There s the relationship between words and the truth and the role poetry plays in connecting them
