Magic Maker Pam Grossman, 2025-10-14 Rich descriptions of creativity and magic are paired with a practical roadmap for making a life in devotion to both Jessica Dore author of *Tarot for Change* A magical guide to enhancing your creative process from the Terry Gross of *witches* *Vulture* Creativity and magic are one and the same Creative people often speak of being channels for inspiration while others refer to communing with their muse For many this is more than mere metaphor as artists throughout history have employed magical techniques to tap into their creativity express powerful messages and make contact with the sacred From the songwriting divination of David Bowie and the bewitching shapeshifting of Beyoncé to the Ouija board poetry sessions of Sylvia Plath and the abstract paintings of Hilma af Klint to the manifestation method of Octavia E Butler and the daily meditation of David Lynch mystical practices have been

responsible for generating some of the world's most beloved creations. While there are many books on creativity out there, none of them examines the specific ways that magic has been embraced by creative visionaries throughout history, nor do they explore how makers can start using these methods in their own creative processes. *Magic Maker* is the first. In this book, critically acclaimed author of *Waking the Witch*, Pam Grossman, shares how you can use magic to enhance your own creative practices. Smart, captivating, and gorgeously written, *Magic Maker* is filled with stories of artists, musicians, writers, filmmakers, and other creatives throughout history who have applied magic to their process. Grossman shows us how we can tap into the same inspiration for our own creative pursuits, whether it's writing a song, a novel, software code, or figuring out our path in life. Delving into topics such as spellcasting, invocation, spirit communication, divination, and more, Grossman provides an enchanting and practical guide for anyone who wants to unlock their own creative magic and make whatever it is you're meant to in this lifetime.
