## Still Veils:

*Awakening Through the Veils* Ric Weinman, 2013-06-05 Awakening through the Veils takes the reader step by step through the mysterious process of awakening For most seekers it will be a direct and practical guide towards an actual awakening For those already awake it will help to deepen them from where they are now During the last ten years I have had the privilege of following Ric s awakening path and it has produced a huge transformation in me I have worked on my inner constraints freeing the issues that caused me great fear and suffering Through Ric s guidance I have been able to walk step by step on a road that leads to awakening to our true nature creating a life with more freedom and openness It has been a journey from the shadows to the light I am completely sure that as you read this book and put your consciousness into it you will have the same wonderful experience Santiago Ardisone President of the Columbia Foundation on Consciousness and Energy Of all the teachers guides and masters who I have met in my forty years of seeking spiritual fulfillment Ric Weinman has the ability to map not only consciousness but that most elusive of qualities awakening VortexHealing provides a path that anyone can tread to that end What more can you ask I thoroughly recommend the VortexHealing path Ric and this great book he has written Richard Farmer Founder Tai Chi Movement for Wellbeing Dir Rising Dragon Tai Chi Living Ltd Hon Pres Tai Chi Union of Great Britain

*Veil Obsessed* Umme Al-wazedi, Afrin Zeenat, 2024-04-15 Discussions surrounding the veil often run along essentialist and ahistorical lines associating Islam with oppression shame and honor Contributing to these stereotypes the media in both the East and the West obsessively condemn or valorize practices of veiling In *Veil Obsessed* Umme Al wazedi and Afrin Zeenat present a range of essays to complicate and challenge the dialogue around the veil exploring its symbolic religious and cultural significance Scholars from a variety of fields analyze and critique the use of the veil in literature film television and the fine arts Considering the multiple perceptions of the veil this volume shows that the meaning of hijab can be natural or constructed real or metaphorical and religious or political when it is presented through the media in the teachings of Islam and in upholding it as a national symbol of a nation state There are inherent tensions among the ideas concerning the power of hijab Does wearing it give agency to women or does it represent oppression
