## Teaching The Trivium:

*Teaching the Trivium* Harvey Bluedorn, Laurie Bluedorn, 2001 *Teaching the Trivium* by Laurie and Harvey Bluedorn maintains that the classical style of education is designed to serve Christians well because it was the original model of education that God had in mind for his people to progress from knowledge to understanding to wisdom This is a great book for two reasons 1 it takes the whole of the classical method and roots it soundly in the Bible and 2 it lays out many options for a classical biblically based course of study that are not overwhelming to the average family Even if you never intended to use this approach the many insights into education are well worth the price of the book

### **Martin Heidegger**

Steven Hodge, 2015-06-11 This book sets out to explore the challenge to education contained in Heidegger s work His direct remarks about education are examined and placed in the broader context of his philosophy to create an account of Heidegger s challenge Martin Heidegger is an undisputed giant of 20th Century thought During his long academic career he made decisive contributions to philosophy influencing a host of thinkers in the process including Arendt Gadamer Sartre Merleau Ponty Derrida and Foucault Heidegger inquired into the deepest levels of human being and its social natural and technological contexts Although he did not develop a systematic philosophy of education his philosophical insights and occasional remarks about education make him an interesting and troubling figure for education Heidegger is of interest to education for his contributions to our understanding of human being and its environment Heidegger s insights are troubling too for many of the assumptions of education His critiques of humanism and the modern instrumental mindset in particular have significant implications The work of scholars who have

expanded on Heidegger's remarks and those who have been influenced by his philosophy is also surveyed to fill out the examination. A vision of education emerges in which teachers and learners awaken to the deadening influences around them and become attuned to the openness of being.

**School World Order** John Adam Klyczek, 2019-10-11 For more than twenty years Charlotte Thomson Iserbyt has been warning the American people of the New World Order stratagem to overthrow democratically elected school boards with public-private partnerships between the federal government and globalist corporations. In this volume John Klyczek expounds on Iserbyt's theories by tracing her work to the present moment as a last-ditch effort to stop the corporatization of education. Klyczek explores how the infamous Yale Secret Society Skull and Bones utilized Robber Baron philanthropy and stimulus-response psychological conditioning to institute a corporatist system of workforce training for a fascist-planned economy. He then explains how this system is being upgraded to a technocratic education system of corporatist school choice through virtual education technologies that program students for a globally planned economy. **School World Order** will teach you the ulterior agenda behind the ed-tech movement: data-mining students for research and development into artificial intelligence and transhumanist biotechnologies for the establishment of an authoritarian post-human society.

[Restoring the Fallen Tent](#) Riaan Engelbrecht, 2023-03-07 It has been a while since the Lord spoke about restoring the tent of meeting. To understand this we need to understand that before church there was the Temple and before the Temple there was the tent of meeting in the days of Moses. The tabernacle of meeting evolved in the physical Temple built by Solomon which evolved among the Gentiles to be mostly church buildings. With the stages of development especially among Gentiles the very essence of the tabernacle of meeting as in the days of Moses got lost among the sand of time. The tabernacle in the wilderness was about God meeting with man and where man could enjoy the presence of the Lord. By the shed blood of the Lamb God's presence is now not contained within a physical structure for God now makes His home within man by the indwelling presence of the Holy Spirit. Therefore as believers we have BECOME the tabernacle of meeting. Through our interpretation of church the tabernacle today sadly remains a physical structure instead a spiritual one. The church of today has evolved away from the foundational concept of divine interaction, relationship, and Covenant participation which forms the spiritual tabernacle house in service to God. It is time to rediscover God's true intent and purpose for the Tabernacle and how we are to restore what has fallen and become lost over the centuries.
