**The Texas Trails Series** Darlene Franklin, Susan Page Davis, Vickie McDonough, 2012-05-25 This set includes all six books of the Texas Trails Series Lone Star Trail Captive Trail Long Trail Home A Ranger's Trail Cowgirl Trail and End of the Trail The six book series is about four generations of the Morgan family living fighting and thriving amidst a turbulent Texas history spanning from 1845 to 1896 In Lone Star Trail as much as Judson Jud Morgan dislikes the immigrant invasion he can't help admiring Wanda Fleischer The immigrant is sweet and cheerful as she serves the Lord and all those around her Can the rancher put aside his prejudice to forge a new future Through Jud and Wanda we learn the powerful lessons of forgiveness and reconciliation among a diverse community of believers In Captive Trail Butterfield Overland Mail Company driver Ned Bright finds a woman exhausted and injured lying on the road With hard work Ned discovers Taabe Waipu's identity He plans to unite her with her family but the Comanche have other ideas In Long Trail Home Riley Morgan takes a job at the Wilcox School for Blind Children in an attempt for a new life after the Civil War By helping the children and the pretty blind woman Annie he begins to find renewed hope But when the school is in jeopardy of being closed and Annie's secret is revealed Riley attempts to make peace with God despite an uncertain future In A Ranger's Trail Texas Ranger Buck Morgan is called to investigate the murder of Leta Denning's husband at the beginning of the Mason County War He has ties to a German family involved with Denning's death which makes Leta question his impartiality A tentative trail emerges one forged by respect and bound by vengeance and forgiveness In Cowgirl Trail Maggie Porter is desperate to save her ranch as her father's health fails and the cowboys walk off the job To everyone's surprise she turns to the town's women for help The cowgirls must herd rope and drive the cattle to the market With only two days left outlaws charge the small band in an effort to start a stampede Will they lose everything Where will their help come from In End of the Trail a high stakes poker game ends with Brooks Morgan holding the deed to his new friend Will's ranch a vague promise to take care of Keri and Will's mysterious demise When Brooks finally rides to the Raven Creek Ranch he is greeted by a rifle pointed right at his chest This is the Keri he promised to take care of As Will's niece Keri believes the ranch was promised to her Keri and Brooks both want to save the ranch but will their differences make that impossible The Texas Tortoise Francis L. Rose, Frank W.

Judd, 2014-06-05 Remnants of an ancient lineage tortoises date back to the Eocene Among the five species remaining in North America Texas tortoises are the smallest in size and inhabit some of the harshest arid environments known They are also the most neglected by wildlife personnel In The Texas Tortoise biologists Francis L. Rose and Frank W. Judd draw on decades of research to offer the first comprehensive account of this fascinating but threatened species The authors begin by explaining the relationship of the Texas tortoise to other species fossil as well as extant They delineate the Texas tortoise's environment and describe what it eats how the animal grows and reproduces and how it behaves Throughout Rose and Judd write eloquently about the threats to the species survival reflecting deep concern about its future protection The authors also

discuss Texas tortoises significance in supporting other species in their environment southern Texas and northeastern Mexico where their survival is threatened by habitat reduction and increasing road traffic If you see a tortoise on the roadway Rose and Judd admonish the reader move it to safety and drive away as quickly as legally allowed It is in fact illegal to collect or possess a Texas tortoise But for those who do this book advises how to care for the animal Tortoises have enjoyed a splendid and diverse history That they did so well for so long is perplexing the authors note as the animals are slow and do not actively defend themselves against predators The Texas Parks and Wildlife Department lists Texas tortoises as threatened and Rose and Judd call on the federal government to do the same Biologists conservationists and turtle enthusiasts alike will find this guide to Texas and other tortoises invaluable **Legends of Texas** James Frank Dobie,1924

**The Shouth Central States Arkansas, Louisiana, Oklahoma, Texas** Lawrence Goodwyn,Time-Life Books, A Political History of the Texas Republic, 1836-1845 Stanley Siegel,2010-01-01 This book is unique among the histories of the Texas Republic it is the first to examine the fledgling nation from the point of view of its dynamic political life Policies with far reaching results were formulated in the nine years of Texas independence and the author clearly presents the many thorny issues that were to plague Texas for generations The political history of the Republic is one of strong figures vying with each other for popular support of their divergent policies The author details the personal feuds and animosities that resulted and shows the effects of these differences on the governing of the nation Thoughtful use of diaries memoirs and other contemporary sources gives the reader an excellent understanding of the sense of personal concern the citizens of the Republic felt toward the political issues of the day **The Texas Rail Freight System** Railroad Commission of Texas,1979
