**Rachel Sandford**

## The Trial:

The Trial of Charles I: A History in Documents K.J. Kesselring, 2016-03-14 In January 1649 after years of civil war King Charles I stood trial in a specially convened English court on charges of treason murder and other high crimes against his people Not only did the revolutionary tribunal find him guilty and order his death but its masters then abolished monarchy itself and embarked on a bold though short lived republican experiment The event was a landmark in legal history The trial and execution of King Charles marked a watershed in English politics and political theory and thus also affected subsequent developments in those parts of the world colonized by the British This book presents a selection of contemporaries accounts of the king s trial and their reactions to it as well as a report of the trial of the king s own judges once the wheel of fortune turned and monarchy was restored It uses the words of people directly involved to offer insight into the causes and consequences of these momentous events

**The Trials of Allegiance** Carlton F.W. Larson, 2019-08-30 The Trials of Allegiance examines the law of treason during the American Revolution a convulsive violent civil war in which nearly everyone could be considered a traitor either to Great Britain or to America Drawing from extensive archival research in Pennsylvania one of the main centers of the revolution Carlton Larson provides the most comprehensive analysis yet of the treason prosecutions brought by Americans against British adherents through committees of safety military tribunals and ordinary criminal trials Although popular rhetoric against traitors was pervasive in Pennsylvania jurors consistently viewed treason defendants not as incorrigibly evil but as fellow Americans who had made a political mistake This book explains the repeated and violently controversial pattern of acquittals Juries were carefully selected in ways that benefited the defendants and jurors refused to accept the death penalty as an appropriate punishment for treason The American Revolution unlike many others would not be enforced with the gallows More broadly Larson

explores how the Revolution's treason trials shaped American national identity and perceptions of national allegiance. He concludes with the adoption of the Treason Clause of the United States Constitution which was immediately put to use in the early 1790s in response to the Whiskey Rebellion and Fries's Rebellion. In taking a fresh look at these formative events, *The Trials of Allegiance* reframes how we think about treason in American history up to and including the present.
