Marcia Freeman,2022-08-13 The Spirit of the Lord proclaims Let not your anguish exceed your spiritual awakening because I love you and the time for brotherly love has come Know that I hear and answer the cries of My people I am faithful and you should have perception that blessed are those who keep justice and he who does righteousness at all times I see the calamities of this world bringing forth disaster which causes lamentation weeping and great mourning but be neither fearful nor refusing to be comforted I inspire that you come to Me all you who are heavy laden with sorrows and cast your burdens on Me for you will find rest for your souls and I will never leave you nor forsake you Moreover let not your heart be troubled you believe in God believe also in Me In My father s house are many mansions if it were not so I would have told you Also be aware that My angels are with you to bring forth My Word to past in your life The Spirit of the Lord continues to proclaim When My Spirit was yielded up suddenly the veil was torn Therefore have insight into the Spirit that you may have boldness to enter the Holiest by the blood of Jesus by a new and living way which He consecrated for us through the veil that is His flesh Let us hold fast the confession of our hope without wavering for He who promised is faithful And let us consider one another in order to stir up love and good works My Spirit is love and those who pursue and maintain love as enduring to the end shall be blessed Therefore profoundly this platform is to admonish that you pursue love oppose to hate pursue love oppose to racism pursue love oppose to inhumanity pursue love oppose to violence pursue love oppose to injustice pursue love oppose to unforgiveness pursue love oppose to uncharitableness and above all pursue love Collected Writings by

that simple don't over-complicate it. The scriptures will meet you where you are. Keep in mind that becoming a woman of wisdom is a work in progress as I define it, the definition is growing daily using your God-given wisdom in every situation of your life. The Theosophical Review, 1904 Natural Brilliance Irini Rockwell, 2012-03-13. This book presents an ancient system for understanding human dynamics that can help us navigate our complex twenty-first-century lives. Traditionally called the five wisdoms, this system describes five forms of intelligence that are inherent in all of us and that we can draw upon at any time. These are presence, clarity, richness, passion, and action. Author Irini Rockwell explains these fundamental forms of intelligence and how we can put them to use to enhance our relationships, our work, and our creativity. Each of us has a primary form of intelligence which we must identify and understand, but we can also learn to cultivate the other wisdoms and use them to suit our changing circumstances. Rockwell integrates useful stories and case studies to illustrate how to put the five wisdoms' teachings to use in personal and professional life. Building on her first book, *The Five Wisdom Energies*, Rockwell offers further guidance on using the five wisdoms' teachings to gain insight and boost effectiveness, with specific chapters dedicated to those working in the fields of counseling, education, and the arts. **The Four Doctrines with the Nine**

Here is comprehensive proof that the symbolism of many ancient texts, canons, and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools. Consequently, here is proof beyond disproof that all three so-called Faiths of Abraham are purposeful deceptions. Accordingly, related esoteric mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders. Throughout this book, I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders. As comprehensive validation of this, they redundantly encoded stunning proof of why, throughout pivotal symbolic narratives and related concepts, the ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia. When these decoded details are compared to the history, words, and deeds of these religions and their leaders, they finally prove the truth about many long-hidden things. These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth. Arrogant religious leaders, while hypocritically lecturing others about morality, have long overlooked that the ancient sages and prophets were painfully aware of their then-current and future misdeeds and deceptions and patiently and expertly prepared for them. **The Consciousness Quest:**
