## **Without Apology:**

Come out of her my people Hyun Eun Lee,2021-04-23 Responding to God s outcry for us and seeking answers for what we must do to get out of her by examining the history of God s salvation using Biblical scriptures and hundreds of unrevealed classic books from the last 500 years

**Gay and Lesbian Theologies** Elizabeth Stuart,2017-09-08 Gay and lesbian theology has been one of the most distinctive voices to have emerged in Christian theology in the last 30 years It has placed lesbian and gay experience at the heart of the theological process Elizabeth Stuart one of the most prominent theologians in this field presents the first critical survey of gay and lesbian theology arguing that its emergence was nothing short of miraculous Gay and lesbian theologians managed to take a dominant Christian discourse which rendered them sinful sick and harmful to the common good and transform it into a theology which argued that a person s sexuality provided the point of contact between God and themselves Stuart argues that miraculous though this was gay and lesbian theology has revealed itself to be bankrupt incapable of providing universally convincing reasons for the inclusion of lesbian and gay people and their relationships in the Church and unable to deal with the defining experience of lesbian and gay communities in the late twentieth century AIDS Stuart concludes that lesbian and gay people and their opponents in the Church have too easily bought into modern constructions of sexual identity and cut themselves off from a Christian tradition which is far more queer in that it refuses to accept the stability of gender and sexual desire Stuart argues that the only way out of the current deadlock on the issue of homosexuality in the Churches is for both sides to embrace this ancient queer tradition a Christian tradition which teaches that in the end gender and sexual identities have no ultimate importance

**Oscar's Ghost** Laura Lee,2017-08-15 The dramatic story of the legal and emotional battle that raged between two of Oscar Wilde s closest friends both former lovers following the playwright s death

Justice, Responsibility and Reconciliation in the Wake of Conflict Alice MacLachlan,Allen Speight,2012-12-04 What are the moral obligations of participants and bystanders during and in the wake of a conflict How have theoretical understandings of justice peace and responsibility changed in the face of contemporary realities of war Drawing on the work of leading scholars in the fields of philosophy political theory international law religious studies and peace studies the collection significantly advances current literature on war justice and post conflict reconciliation Contributors address some of the most pressing issues of international and civil conflict including the tension between attributing individual and collective responsibility for the wrongs of war the trade offs made between the search for truth and demands for justice and the conceptual intricacies of coming to understand just what is meant by peace and conflict Individual essays also address concrete topics including the international criminal court reparations truces political apologies truth commissions and criminal trials with an eye to contemporary examples from conflicts in the Middle East Africa and North and South America

*A Special Illumination* Rollan McCleary,2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the

1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion

*SAY IT RIGHT EVERY TIME WITHOUT FEAR* Noah Parker, What usually stops you from saying what you really mean Is it the fear of being misunderstood The worry that your voice will shake The pressure to keep the peace even when something feels wrong Or the regret that comes afterward when you replay the conversation and wish you had spoken differently *SAY IT RIGHT EVERY TIME WITHOUT FEAR* is for anyone who has walked away from a conversation thinking I should have handled that better Whether you are a teen trying to speak up at school an adult navigating tension at work or someone who wants healthier conversations at home this book gives you a practical grounded way to speak with calm clarity instead of anxiety or avoidance At its core this guide begins where most communication books do not fear You will understand why difficult conversations trigger avoidance how anxiety distorts your words and why staying silent often costs more than speaking up Instead of pretending confidence is automatic this book shows you how courage is built step by step From there you learn the foundation of calm clarity You discover how to regulate emotion before you speak separate facts from feelings and slow down your response under pressure These skills are not abstract ideas They are practical mental shifts you can apply in real time when your heart is racing and the stakes feel high Empathy is treated not as weakness but as strength You will learn how to understand another person s perspective without surrendering your boundaries You will practice listening beyond words responding instead of reacting and staying compassionate even when conflict intensifies This balance of empathy and firmness becomes the bridge between defensiveness and connection Confidence is redefined in a realistic way You will see the difference between assertive and aggressive communication learn how to own your voice without apology and build steady tone and posture that reinforce your message Instead of eliminating fear completely you learn how to speak clearly despite it The heart of the book introduces a simple and repeatable structure the Say It Right Framework You will learn how to pause before you speak clarify your message express it with empathy stand firm with respect and close conversations with strength This framework becomes a tool you can rely on in everyday life And because real life does not happen in theory the book walks you through specific environments At home you will learn how to address misunderstandings talk about boundaries with family resolve recurring arguments and rebuild trust after tension At school you will discover how to speak up to teachers and authority figures handle peer conflict calmly respond to criticism without defensiveness and ask for help with confidence In the workplace you will learn to give and receive feedback professionally address disrespect directly request opportunities or raises and lead conversations with maturity You will also be guided through conversations that change relationships entirely

apologizing sincerely saying no without guilt confronting betrayal or dishonesty and ending relationships respectfully The final chapters shift from single conversations to a new identity You will learn how to make courage a habit build long term communication confidence and become known for calm strength rather than silence or outbursts This is not a book about winning arguments It is about speaking in a way that protects your self respect while preserving your relationships It is about replacing avoidance with clarity defensiveness with empathy and self doubt with steady assurance If you are tired of rehearsing conversations in your head If you want to stop shrinking your voice to avoid conflict If you are ready to handle hard conversations with maturity and strength instead of fear This book will show you how Say it clearly Say it calmly Say it right
