*But the Greatest of These Is Love* Edward M. Vigeant, 2014-03-05 This new Thought System emphasizes application rather than theology It specifically states that a universal religion is impossible but a Universal Experience is not only possible but also necessary This Universal Experience is Love Universal means that all of the billions of people who have passed through this world since time began and all of the people who are here now seven billion would know God God is Love To know Gods Love within is to know God Where learning ends there is Love Love is not learned There was never a time in which you knew it not Once this new perception of God is accepted then everything changes The quiet Voice of Love will help you to reinterpret everything you have been taught as fearful and that makes you feel guilty and will change them to only what is loving is true There are no rules and regulations to obey You need do nothing The Power of Love will set you free It is not through any of your efforts Here is the ultimate release which everyone will one day find in his own way at his own time Think about this If Love is the primary focus of your life what are you going to do wrong Fear God and keep His commandments becomes Know God and accept His Certainty According to Wikipedia it is estimated that there are approximately 4 200 religions in the world today I say But the Greatest of These is Love **Legacy of Love These are My**

**Thoughts** Kim Harper Crane, 2007-02 The writing of the stories in this book has been my life raft in the biggest storm of my life A storm that may very well have pulled me under without my journey into the past keeping me on an even keel This book has so many things written into each story They are written with love and some of the happiest memories of the past that I can ever begin to recall Some with sadness for what once was but will never to be again I relate to the people that have read my stories in the small town news paper of which they have been published because I am one of them I cannot tell you how many people have told me how the things I have written have also flooded their heart and souls with memories they thought were long since forgotten I am also in the process of writing a novel titled *The Good Old Boys Club Corruption in Small Town America* I am hoping to have it completed by the end of 2007 I am presently compiling another book of the Legacy Of Love stories One half of those stories will have appeared in the paper and the other half will not have been read until the book is published I think every one deserves a surprise *Beyond These Voices* Mary Elizabeth Braddon, 1800 **Century**

**The Granite Monthly**, 1890     **Nicene and Post-Nicene Fathers** Philip Schaff, 2007-05-01. The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity. For the first time, doctrines were organized into a single creed. The Nicene and Post-Nicene Fathers did most of their writing during and after this important event in Church history. Unlike the previous era of Christian writing, the Nicene and Post-Nicene era is dominated by a few very important and prolific writers. In Volume VI of the 14-volume collected writings of the Nicenes and Post-Nicenes, first published between 1886 and 1889, readers will find Saint Augustine's exegesis on the Gospels and the Sermon on the Mount, which strove to interpret and draw meaning out of the text without incorporating the author's personal agenda or bias. Also included in this volume are a selection of Augustine's sermons.
