### **Review of the Office the Children's Commissioner (England)**

John Dunford, Independent Review of the Office the Children's Commissioner, Great Britain Department for Education, 2010-12-06 John Dunford was asked to undertake a review of the office role and functions of the Children's Commissioner for England The review also examined the relationship with other Government funded organisations carrying out related functions and value for money Chapter 1 explore the unique role of the Commissioner The UK has obligations to meet as a result of being a signatory of the UN Convention on the Rights of the Child and the role of the Commissioner is crucial to compliance with the Convention In chapter two the report recommends strengthening the remit powers and independence of the Commissioner Areas addressed include children and young people's rights focus on vulnerable groups credibility casework independence additional powers The relationship with other organisations is the topic of chapter 3 It is recommended that the Office merges with the Children's Rights Director currently located in Ofsted with safeguards built in to protect the interests of vulnerable children covered by the CRD's remit The Office is not expensive to run but has not yet provided value for money chapter 4 principally due to the flaws in the present model The proposed new model would provide that value for money in future particularly with robust performance measurement to assess its impact A new Office of the Children's Commissioner for England should be established through the merger The review believes it will meet the Cabinet Office tests of technical expertise impartiality and independence

### **The Intermediary in the Criminal Justice System**

John Taggart, 2025-07-25 This book undertakes a sociolegal examination of the intermediary role within the criminal justice system The intermediary special measure is one of the most innovative and controversial developments in the history of English criminal procedure But what does the role actually involve That is the central question explored in this book Despite increased academic attention into this new criminal justice actor the content of the intermediary role remains unclear Based centrally on empirical data gathered in England and Wales and Northern Ireland but also drawing upon comparative material from other jurisdictions the book examines how those executing the intermediary role understand its work and how other criminal justice actors perceive it The book then uses this as the basis for generating a theory of the intermediary role and its scope and content It also considers the future of the role and its integration into the criminal justice system This book will appeal to those researching and studying in the areas of sociolegal studies criminal law and criminology as well as lawyers judges intermediaries and policy makers working in relevant areas

**Human rights of unaccompanied children and young people in the UK** Great Britain: Parliament: Joint Committee on Human Rights, 2013-06-12 In 2012 around 1 200 unaccompanied migrant children sought asylum in the UK and around 2 150 unaccompanied migrant children were being cared for by local authorities The Committee heard evidence of the range of

issues that unaccompanied migrant children face during their time in the country Children who had often faced traumatic journeys many of whom are fleeing violence or who have been subject to abuse and exploitation faced intensive interviews on arrival for which there were too rarely interpreting facilities available There was also evidence of children being placed in inappropriate accommodation facilities without suitably trained staff to provide support which was a point of particular anxiety where children were victims of trafficking Concerns were also expressed about the educational services provided with delays in enrolment due to documentation and too little development as language skills improved These concerns built upon those expressed in a recent inquiry by Members of both Houses regarding destitution and inadequate support The Committee concludes that despite the rights to protection and support owed to those children by the UK under the UN Convention on the Rights of the Child immigration concerns are too often given priority The report calls for a change in emphasis to put the best interests of such children at the heart of the often complex and stressful asylum and immigration processes affecting them
