Stone Poems:

Where Water Begins: New Poems and Prose John Stone, 1998 *Wielder of Words* Donna J. Stone, Christopher K. Stone, 2010-06-11 *Wielder of Words* is a collection of poems by the late Donna J Stone 1933 1994 an award winning poet who could put her most deeply personal experiences into words that somehow express the most private emotions of the reader This collection was hand picked by Ms Stone s son and editor to share some of his mother s best work with fellow poetry lovers Those familiar with Ms Stone s poems will not be disappointed and readers new to the works of Donna J Stone are promised a uniquely poignant introduction to a true wielder of words Looking Through Stone Susan Ioannou, 2010-08-13 Much past Canadian poetry described our people and landscape in lyrical terms Combining research and wonder *Looking Through Stone* burrows deeper the first collection of poems in Canada devoted exclusively to geology and mining Quite literally it goes underground From volcanoes to vitamins the book presents a wealth of factual information It also explores past more fanciful notions about how rocks metals and minerals fit into our human picture In its pages knowledge and imagination meet Part I introduces a little basic geology Part II focuses on the seven metals of the ancients linked to the planets and days of the week plus platinum and uranium Part III delves into myths and legends about the power of gemstones Part IV looks at the history and technology of mining and its social and economic impact A helpful glossary concludes this unique book that brings science and poetry together **Stone Poems** Douglas Skrief, 2009-11-01 First collection IN THE UPPER MIDWEST by the U S Canadian border on the edge of dividing waters sits a great stone As far as human history is concerned it has been there forever Time though is relative and what the stone has lived through and seen may be by our standards timeless With brevity and warmth Douglas Skrief evokes what might be called the inner life of a stone We are small it rather large yet neither much at all compared to the vastness of what has produced both These poems are strong stark and full of space They have an incantatory quality as if a shaman is at work Piers Plowright *The Language of Stone: Poems* Joan Dobbie, 2019-10-15 Joan Dobbie began writing her stone poems in 1997 when the late Irish poet Noelle Vial conducting a Eugene Oregon poetry workshop gave Stone Isolation verbally stone slash isolation as a writing prompt This triggered something like a geyser of stone poems that kept leaping out of Joan s brain into her computer where they rumbled and roiled for a couple of decades to finally burst out through some long brewing fault in her psyche into this book These myth like poems hone in on various facets of life in a troubled relationship through the sharp unbending spotlight of stone Some of the poems are actually funny some utterly serious Some have a kind of twisted fairytale quality All strike deep In their wake a reader might never see either stone or isolation or in fact much of anything else in quite the same way **Stone** John Unterecker, 1977 Witness in Stone Esther Phillips, 2021-04-08 This collection explores the fragile territory between remembering and forgetting both as an individual experience and in the life of a society If in the end all is subject to time s slow bleed these poems enact the capacity of the imagination to pass through ancient walls and to reorder failures

long gone in time into more hopeful connections Poems recreate those childhood moments when physical presences such as the great house at Drax Hall provoke the beginning of poetry the searching for what is hidden in the dark and thence to a grasp of the history that society would rather forget For while forgetting is human the collection also explores how amnesia can be cultivated in society as a means of hiding the sources of contemporary privilege and economic power Poems such as Canvas about the images from English and American magazines that patch up the hangings in an old woman s tumbledown dwelling not only picture children tiptoe at the rim of the world but without needing to say it show those children as far more familiar with Garbo s bright blue eyes and shiny red lipstick than with the history and meaning of Drax Hall If there are echoes of Walcott s poem where all in compassion ends Phillips is no less compassionate but much readier to see History s wound still bleeding to its last drop a wound extending down to a powerful poem in memory of George Floyd If the collection calls out Speak stones bear witness poems also pay tribute to those who in the rural village memorialised the lives of the unconsidered poor who like the village historian Miss Lewis speaks across the years into contemporary urban life to remind me who I am Esther Phillips poems are always lucid and musical they gain a rewarding complexity from being part of the collection s careful architecture that offers a richly nuanced inner dialogue about the meaning of experience in time Not least powerful in this conversation are the sequence of poems about Barbadian childhoods poems of grace humour and insight When Barbados chose Esther Phillips as its first poet laureate it knew what it was doing electing a poet who could speak truth who could challenge and console her nation and all of us

Water and Stone R. G. Vliet,1980 *Hand Into Stone* Elizabeth Woody,1988 **Poems of Stone** Donald Aka Azure Dirnberger,2021-01-25 Poems of Stone is the second volume in the series Poems of Stone This second volume goes further following the thoughts which came to me in various formats Each poem is meant to engage the reader in their own explorations as they journey through the cosmos That journey we each must undertake and travel It is in our traversing that we come into contact with what is within the eternal realm Those encounters bring unto us the sense of understanding which must be had in order for us to evolve beyond where we are today From the now we must pursue the future while being ever mindful of the past and acquiring knowledge and wisdom Read and share

Meet Wynona Stone She s on track to lose her job she doesn t love the weatherman she s sleeping with and everything she tries cosmetology astrology falls short So she stays home making models watching soaps and staring down doubt a storm that s never not approaching Introducing Wynona Stone If long dead poet E A Robinson and Sex and the City author Candace Bushnell had collaborated to depict a contemporary Midwestern woman in verse they just might have come up with Wynona Stone Caki Wilkinson s sort of heroine who is stuck in the hometown she always meant to leave faced with a life that seems desperately mediocre Wilkinson follows in the footsteps of Eliot and Berryman giving us in winsome poems a figure at odds

with herself and her surroundings **What a Light Thing, This Stone** Suzanne U. Rhodes,1999 What Love Comes to
Ruth Stone,2008 We may pull down the shades in order to get on with things but Ruth Stone pulls them up to remind us that
the real stuff of life isn't about to disappear The New York Times Book Review In a field in which collections of selected
writings are constantly being released this book stands out because Stone shows that simplicity can be a deceiving doorway
into some of the most challenging poems written by an American poet Stone's poems blend the personal with dimensions of
the larger world in a manner reminiscent of the late William Stafford Few poets have this gift for taking the workings of
ordinary life and fusing them with a poetic process that sustains intense emotion allowing human experience to be felt
through the mysteries of language Ruth Stone belongs to every generation of poets who have taken the responsibility to give
back to the world The Bloomsbury Review This volume rightly secures Stone's status as a sui generis treasure who has
survived poverty a lack of formal education profound personal tragedy and decades of obscurity to emerge as a pre eminent
American poet who is still writing vital poems at the age of ninety three Harvard Review What Love Comes To a finalist for
the 2009 Pulitzer Prize in poetry gathers nearly half a century of poems from a National Book Award winning poet who over
the course of her career has written in a wide range of voices and forms Drawing from eleven previous volumes this
collection offers a trajectory through that career presenting Ruth Stone from her early formal lyrics through fierce feminist
and political poems to her most recent meditations on blindness and aging Stone at age ninety two returns often to the theme
of loss in her work all the while maintaining what the Vermont poet laureate nominations committee calls a sense of survival
surpassing poverty and grief Her poetry's irrepressible humor and intellectual curiosity are unique among contemporary
American poets What Love Comes To is the perfect entry point into Stone's world of serious laughter of uncertainty and
insight of mystery and acceptance When I forget to weep I hear the peeping tree toads creeping up the bark Love lies asleep
and dreams that everything is in its golden net and I am caught there too when I forget A recipient of the National Book
Award and the National Book Critics Circle Award Ruth Stone has taught at numerous American universities The author of
eleven books of poetry she has lived in Vermont since 1957 **Stone Poems** Stephen Scobie,1973 **Stone** Henry
