## Strange Times:

These Are Strange Times, My Dear Wendy Willis, 2019-02-05 In these pointed and wide ranging essays Wendy Willis explores everything from personal resistance to the rise of political podcasts civic loneliness to the exploitation of personal data public outrage to the opioid crisis all with a poet's gift for finding the sacred in the mundane a hope in the dark One of the country's sharpest observers of politics art and the American spirit Willis returns often to the demanding question posed by Czech writer activist and politician Vaclav Havel What does it mean to live in truth Her view is honed by her place as a poet as a mother and when necessary as an activist Together the essays in *These Are Strange Times My Dear* work within that largely unmapped place where the heartbreaks and uncertainties of one's inner life brush up against the cruelties and responsibilities of politics and government and our daily lives *The Preachers of a Different Gospel* Femi B. Adeleye, 2017-02-07 Name it and claim it Just have faith Give and you will get Catchphrases like this have convinced many Christians that trusting in God will bring health and wealth But the gospel does not promise prosperity without pain or salvation without sanctification Femi Adeleye draws on his wide ranging experience as he examines the appeal and peril of this new gospel of prosperity that has made deep inroads in Africa as well as in the West Soundtrack of the Revolution Nahid Siamdoust, 2017-01-18 A lovely tribute to the courage and creativity of Iran's musicians filled with hope and sadness and the universal human desire for freedom Joe Klein *Time Music* was one of the first casualties of the Iranian Revolution It was banned in 1979 but it quickly crept back into Iranian culture and politics Now more than forty years on both the children of the revolution and their music have come of age *Soundtrack of the Revolution* offers a striking account of Iranian culture politics and social change to provide an alternative history of the Islamic Republic Drawing on over five years of research in Iran including during the 2009 protests Nahid Siamdoust introduces a full cast of characters from musicians and audience members to state officials and takes readers into concert halls and underground performances as well as the state licensing and censorship offices She closely follows the work of four musicians a giant of Persian classical music a government supported pop star a rebel rock and roller and an underground rapper each with markedly different political views and relations with the Iranian government Taken together these examinations of musicians and their music shed light on issues at the heart of debates in Iran about its future and identity changing notions of religious belief and the quest for political freedom Music will continue to offer an opening for debate and defiance As the 2009 Green Uprising and the 1979 Revolution before it have proven the invocation of a potent melody or musical verse can unite strangers into a powerful public Paints a vivid portrait of the struggles over popular music in the Islamic Republic Mark LeVine author of *Heavy Metal Islam* The Poetic Meanderings of a Preacher/Educator John W Waters, PhD., 2024-05-20 *The Poetic Meanderings of a Preacher Educator* Poetry Mostly in Free Verse From the Days at Fisk University to Now is John Waters collection of poetry written since his days as an undergraduate until present Waters explores many themes such as family life love and religion in this heartfelt
