Poltergeist Rob McLaughlin, 2023-07-01 Created by Steven Spielberg yet officially directed by Tobe Hooper *Poltergeist* 1982 can be best described as family horror movie both in its target audience and in its narrative context the story of an All American suburban family the Freelings whose home suddenly becomes the site of a spectacular haunting apparently summoned by their young daughter The film is somewhat of an anachronism and this *Devil's Advocate* explores this in both the scope of production and narrative The book discusses the duality of the text highlighting debates surrounding both Spielberg's somewhat saccharine portrayal of middle class Americana and his more subversive cinematic endeavours The duality of the text also will also be discussed in the context of the film's production with both Spielberg and Hooper on set for much of the time the result was a movie with the production values effects and marketing of a high budget mainstream cinema blockbuster apparently directed by a subversive grindhouse cinema auteur Yet *Poltergeist* is neither nor both of those things instead being a unique hybrid of genres and styles taking the best and worst from both aspects of family blockbuster and cult horror film and as such can be seen as a text that is something unique a classic modern take on the traditional haunted house story
