Rao,2001-11-08 There are so many complex volumes written on spirituality however God is essentially simple and the
experience of the Divine is available to all We are already enlightened beings and we are our own masters It is a matter of
rediscovery and remembrance This book succinctly summarizes key elements in the process of enlightenment Read it as an
invitation to deepen understanding about the main underlying elements of all religions and paths of light Everything in our
lives is considered spiritual practice when we take a different angle of vision Yet enlightenment seems elusive to humanity
because of the complexities within our own restless minds Reading the book will awaken a deeper appreciation of what the
basic principles are behind the inner life regardless of what path we are on The clarity gained from this work in spiritual
understanding enables us to go deeper and deeper into our own being until we reach the infinite consciousness or Source
that is beyond as well as within the body and mind We then move closer and closer to rest in enlightenment our true nature
and essence This book directly states that we are all the great Self as the ancient and modern masters and mystics have
experienced and proclaimed and states that the purpose of life is to rediscover our own enlightenment It then addresses and
discusses issues of Spirit that we may intuitively know but perhaps have not yet clarified or solidified a deeper understanding
It goes on to filter down to the core elements of spiritual practice that lead us to a state of enlightenment It discusses the
nature of the mind and ego and what keeps us from spontaneously experiencing the Inner Light The book then discusses
healing and why we must keep the body and mind as fit instruments to more fully experience balance equanimity and
equipoise Optimal health is resting in enlightenment through the balance of body and mind as ancient seers discovered eons
ago The book embraces a freeing and refreshing philosophy of life that validates the choice to pursue any path that is
suitable to us as we understand the underlying common elements on the road to enlightenment The shared common goal of
all paths in essence is to rediscover the simplicity of the God Source within us all **Problems in Mind** Jack S.
