The Pandora Project

Dan R. Fowler

The Pandora Project:

The Pandora Project David Hodel, David Ward, 1996-12 Written in the style of Tom Clancy's Hunt for Red October this is an intricate spy thriller with global implications for today's maelstrom of international political intrigue This is a fast paced story of one man's search for the truth and the danger of playing God **Jackson Stafford and the Pandora Project, 1 & 2** Dan R. Fowler, 2018-08-04 Summary The Jackson Stafford's Inner Room inhabitants his personalities will unsuspectingly unravel the secret behind the guise of the Pandora project within the mind of their host Once again Ben Carl Darrell Denny Johnny and Randy will be creating a whole new world and new experiences for their host La Tulipan will investigate an on going government program that Jackson has been directly involved with since 1985 Through Astral Projection he is able to penetrate any firewall within the project's secret vault A government cover up is discovered by a civilian who has a direct link to the candidate and exposes the project to the host An alien world's projected consciousness is imprisoned deep within the Pandora Project **The Pandora Project** MacFarlane, 2004-03-01 The Pandora Project Michael Letterman, 2013-11-22 The Pandora Project In 1953 the Russians began to bombard the United States Embassy in Moscow with electromagnetic high spectrum radiation but the fact was kept secret from embassy employees Several employees eventually died as a result of the microwave attacks The United States sent a secret memo giving hazard pay to embassy employees in the mid 1970s The USSR had secret meetings with the United States to try to head off an arms race on electromagnetic weapons The United States politely refused In retaliation the USSR began to bombard the Embassy in earnest The United States Advanced Projects Agency set up labs at universities and hospitals around the United States to participate in Project Pandora Scientists began sampling monkeys to study the biological effects of highly concentrated microwave frequencies In one study a well known scientist experimented on human subjects using tiny electrodes that were forced through the skull into the brain Using radio frequencies forced through the special brain transponder the subject became extremely susceptible to post hypnotic suggestion Unfortunately after the procedure the subject could no longer be hypnotized without the use of the electrodes The scientist stated that these weapons were more dangerous than atomic destruction With the knowledge of the brain he was able to directly robotize man It was in fact experimentally used on a number of highly intelligent student volunteers from MIT and UCLA The end result was an intelligence agent that could withstand brutal conditions emotional trauma and distress including death with an air of indifference Unfortunately some of them were difficult to control This is their story On the outside Steve Packard seemed like a normal man living a normal life With a tested IQ of 168 he breezed through a PhD in Computer Science at MIT as if it were an after thought His resume was a who's who of prestigious companies and large accomplishments His dominant negative trait was that at one time he was a heavy smoker He had tried everything to quit even going to several hypnotists that became extremely frustrated by his inability to reach a hypnotic state But Steve had a secret a secret that he himself did not fully understand He frequently

awoke in night sweats with strange dreams of unusual places he was certain he had never been The dreams were filled with terrible sounds and screams of the dead and the dying The smell of burning flesh scorched his nostrils In his dreams he carried a Colt 1911 an AK 47 sometimes a Remington 700 with a Redfield scope and a 35mm camera with a long telescopic lens The team he worked with was similar to him They were all young extremely intelligent and damn good with almost any firearm They worked under extremely difficult and hazardous conditions and were often under fire from the enemy He rarely remembered anything the next morning and the memories he did have seemed to wisp away like smoke in the wind within a couple of hours One morning on his way to work Steve removes his seat belt in an attempt to retrieve a document that had fallen into the floor of his car As he retrieves the document he looks up to see a tractor trailer jack knifed in the middle of the road His car hits the trailer and plummets him through the windshield onto the open road Steve loses his consciousness In the hospital Steve is in a deep coma for over two months And in this coma the great iron door of his psyche plummets open to reveal the secrets of The Pandora Project the memories of which are more than any man should have to survive The Pandora Project is a whirlwind of intelligence and international intrigue **The Pandora Project** Heather A. Cowan,2013-01-11 He was genetically engineered and mutated to be perfect She is a mistake that now holds the key to his power Thrown together by the very evil that created them will he be the friend she so desperately needs or the trigger that unleashes her power on an unsuspecting world For as long as she can remember seventeen year old Paige Mills has always thought of herself as a monster A monster with the power to unleash unspeakable evil or good on the world Unable to touch others Paige lives with the knowledge that she can unlock the very best or worst in all of us But living a quiet life in the middle of nowhere Nebraska helps her believe she has everything under control until John Sullivan arrives in town John represents everything her family has hidden her from since birth change doubt temptation and power With his good looks and easy manner John is everything Paige fears and desires He quickly breaks down the walls she spent her entire life building As her world collapses around her Paige and John are forced to run from those who would use her to do their bidding In a rush to save herself and those she loves she learns that power alone does not define you but how you use it Does she have the strength to not become the monster she has always feared Does she have the power to unlock the very best of herself By trying to avoid her fate will she unknowingly run headlong into its waiting arms The Pandora Project Book One Creation is the first book in The Pandora Trilogy Look for Book Two Evolution in summer 2013 Jackson Stafford and the Pandora Project-Part One Dan R.
