Handbook of Marketing and Society Paul N. Bloom, Gregory Thomas Gundlach, 2001 Marketing scholars have a long history of conducting research on how marketing affects the welfare of society A significant body of knowledge has developed to look beyond marketing's impact on the corporate bottom line towards the effects of marketing on consumer sovereignty public health economic growth and other aspects of societal welfare The large and growing amount of research has become fragmented and diverse There is a need for a volume to pull all of this research together to facilitate the assessment of what we have learned and what we need to study further This volume fills that need Handbook of Marketing and Society presents the first comprehensive in depth examination of scholarly research on how marketing affects societal welfare Drawing on the talents of a distinguished group of contributors the editors have assembled key reviews analyses and perspectives on a broad range of research topics including deceptive advertising warning labels trademark infringement antitrust enforcement environmental labels privacy protection social marketing and corporate societal marketing An unifying model is presented in the introduction that illustrates the linkage of marketing knowledge marketing decisions and societal welfare Each chapter covers in a purposeful way a different link or path through which marketing can affect societal welfare Future research needs are identified in each chapter in order to help focus marketing thinking and marketing practice serve society more effectively Academics graduate students and others interested in marketing's role in society will find this a

valuable resource and an excellent guidebook for future research

Looking behind the Label Tim Bartley, Sebastian Koos, Hiram Samel, Gustavo Setrini, Nik Summers, 2015-05-25 What does it mean when consumers shop with a conscience and choose products labeled as fair or sustainable Does this translate into meaningful changes in global production processes To what extent are voluntary standards implemented and enforced and can they really govern global industries Looking behind the Label presents an informative introduction to global production and ethical consumption tracing the links between consumers choices and the practices of multinational producers and retailers Case studies of several types of products wood and paper food apparel and footwear and electronics are used to reveal what lies behind voluntary rules and to critique predominant assumptions about ethical consumption as a form of political expression

Mass Moralizing Phil Hopkins, 2015-04-02 Mass Moralizing Marketing and Moral Storytelling examines the narratives of today s brand marketing which largely focuses on creating an emotional attachment to a brand rather than directly promoting a product s qualities or features Phil Hopkins explores these narratives influence on how we think about ourselves and our moral possibilities our cultural ideas about morality and our relations to each other He closely studies the relationship between three interrelated dynamics the power of narrative in the construction of identity and world the truth telling pretenses of mass marketing and the growth of moralizing as the primary moral discourse practice in contemporary consumer culture Mass Moralizing scrutinizes the way marketing speaks to us in explicitly moralistic terms significantly influencing how we think about ourselves and our moral possibilities
